

JOHNSON CITY, TEX.—President Lyndon Johnson spoke from the LBJ Ranch early today via telephone hook-up to a group of businessmen in Washington, as the First Lady looked on. (UPI)

By President Johnson

Record Prosperity Predicted In '66

JOHNSON CITY, Tex. (AP) — President Johnson told top business leaders today he expects record prosperity without inflation in 1966. He called for wage-price restraint to help achieve that.

In an address prepared for delivery by telephone to the blue-ribbon Business Council, meeting in closed session in Washington, Johnson called for cooperative decisions by industry, labor and government to keep wages and prices in line with federal guideposts designed to guard against inflation.

In so doing, he cited the sacrifices of American troops in Viet Nam, saying: "We must support them from here as they support each other there. We must equal their sacrifice and uphold their cause."

At the same time, he restated

Deliberating Case of Three Klansmen

MONTGOMERY, Ala. (AP) — A white male jury began deliberating the case of three Alabama Ku Klux Klansmen today following a 58-minute charge from U.S. Dist. Judge Frank M. Johnson Jr.

Klansmen Collie Leroy Wilkins Jr., 22, of Fairfield, Ala.; William Orville Eaton, 41, and Eugene Thomas, 42, both of Bessemer, Ala., are charged with conspiring to violate the civil rights of American citizens.

The indictment against the trio — although not mentioning her name — stems from the killing of Viola Gregg Liuzzo, a Detroit, Mich., white mother of five.

Mrs. Liuzzo, a civil rights worker, was shuttling demonstrators from Montgomery to Selma following a march to the Alabama capital March 25 when she was killed by shots fired into her car.

Johnson told the jurors that although the men were tried together, "they stand guilty or innocent separately from each other."

He said that whether the Ku Klux Klan or the Southern Christian Leadership Conference were involved "is no concern of mine as judge or yours as juror."

Johnson also said that "it is not necessary to establish the defendants . . . did kill Mrs. Liuzzo."

his offer of unconditional talks aimed at ending the Viet Nam conflict — an increasingly costly war that has sparked public discussion of potential inflationary pressures in the months ahead.

Said Johnson: "I have said it before. I say it again now. This nation is ready to talk, unconditionally, anywhere, with peace as our agenda."

"Peace will come because it must. It will come from courage, from constancy, and from concern. It will come because there is no other answer."

"Peace is our commitment. Peace is our goal. Peace will be the only victory we seek. And peace will come."

Johnson's long-distance audience, an unofficial government advisory group, included many of the biggest names in American business — presidents and board chairmen of the very largest corporations.

For them he offered this forecast:

"We expect next year to be another record year for the American economy. We are ever alert to danger signs, of course, and when we see them, we will act accordingly. But we do not anticipate any major problem that confidence and co-operation cannot solve."

Approve Six State Youth Corps Projects

WASHINGTON (AP) — The Labor Department has approved six Missouri neighborhood Youth Corps projects, it was announced today.

They include, with sponsors, total cost and amounts to be provided by the federal government:

Curators of the University of Missouri, Columbia, for 120 in-school enrollees, \$48,430; \$42,570.

Morgan County courthouse, Versailles, 16 out-of-school enrollees, \$20,880.

Morgan County schools R1 and R2, Versailles and Stover, 40 in-school enrollees, \$27,480; \$24,730.

Richland R-4 School District, 30 in-school enrollees; \$16,160; \$13,760.

Neosho Reorganized School District R-5, 37 in-school enrollees, \$16,630; \$14,850.

McDonald County Economic Opportunity Corp., Pineville, 80 in-school enrollees; \$45,760; \$40,560.

Announcements were made through the offices of Missouri members of Congress.

Auto Fatalities Up for First 11 Months

Four traffic fatalities during the first 11 months of 1965 on Sedalia's streets indicated a jump in automobile deaths during the same period of 1964. No fatalities were recorded last year.

The number of injured also rose for the first 11 months of both years. In 1964 the figure was 185 while 234 were injured this year.

While fatalities and injuries

rose, accidents declined. A drop from 656 in 1964 to 639 in 1965 was noted.

During November 1964, 15 persons were injured in accidents while November of this year enjoyed a considerable drop to only four injuries.

Both Novembers saw 51 accidents within the city limits.

Information was obtained from the records of the Sedalia Police Department.

Boeing Gears Mobile Park Reactivation

Trailers Number May Equal Total Originally Placed

Preparations by the Boeing Company for occupancy of the mobile home park on Thompson Blvd. in west Sedalia in February, 1966, were revealed to the Sedalia board of public works Wednesday night.

Water Department manager Herb Taylor told the board a Boeing representative had contacted him to arrange for water service to the park and the representative reported the park would be occupied for two years from Feb., 1966, to Feb., 1968. The Boeing personnel occupying the park will be working in connection with modifications to Minuteman missiles in the Whiteman Air Force Base complex.

Indications are that the mobile home park will include approximately the same number of trailers as during the initial construction phase of the Minuteman complex, although no use of the former bachelor quarters area north of Highway 50 is anticipated. Official announcement of Boeing's plans and personnel during the modification program has been withheld to date.

Upon departure of Boeing personnel after the initial construction of the missile complex, the fire hydrants in the mobile home park were purchased by the Water Department here. Approved by the Board of Public Works

Review Plans To Improve Water Plant

Three Years Ahead On Sizable Job At Treatment Plant

Preliminary plans for completion of the improvement program at the Sedalia Water Department's treatment plant south of the city were outlined Wednesday night before the Board of Public Works at its December session.

Reviewing the plans before the board members were D. P. Prouditt and Willis Skinner, representatives of Black & Veatch, Kansas City, the department's consulting engineers on the plant improvement project.

Construction of the new million-gallon storage tank now in service at the treatment plant on Flat Creek adjacent to the Covered Bridge was a phase of the improvements, but the final portion will include a new chemical treatment building, new primary basins, related equipment and transfer pumps. Skinner and Prouditt explained final touches are yet to be applied to the preliminary blueprints, but they are scheduled to be ready for advertisement for bids in early January with a bid call on Feb. 7.

The construction should be completed by April, 1967, the consulting engineers estimated, some three years ahead of a previously projected 10-year schedule of improvements concluding in 1970.

Cost of the project will be sizable, although engineering estimates are being withheld until bids are called. Improvements include construction of a new brick and concrete block treatment plant, approximately 57x29 feet, two basins which with re-

Down Three US Jets

War Losses

Pushed To Total of 150

SAIGON, South Viet Nam (AP) — Communist gunners downed three U.S. jet fighters, including one from the newly arrived atomic-powered aircraft carrier Enterprise, during raids on North and South Viet Nam in the past 24 hours, U.S. spokesmen reported today.

Another fighter from the Enterprise crashed into the sea while trying to land on the 85,000-ton carrier, the world's largest. The accident occurred on the Enterprise's first day of combat operations in the South China Sea.

The four airmen from the Enterprise were rescued. The pilots of the two other planes were missing and presumed killed.

The losses pushed the number of American planes downed in operations in Viet Nam beyond 150.

One of the planes hit was an Air Force F105 during an attack on a bridge 50 miles north of Hanoi Wednesday night. Pilots reported they saw four surface-to-air missiles in flight in the area but said none scored hits.

U.S. spokesmen said Air Force planes attacked two missile sites 35 and 40 miles north-east of Hanoi Wednesday afternoon. Heavy dust and smoke obscured immediate assessment of damage.

On the ground, 14 Viet Cong were reported killed in a multi-battalion government operation near Go Cong City, 30 miles south of Saigon, Wednesday. The South Vietnamese forces also took four prisoners and seized a large stock of weapons and ammunition while incurring only light casualties, spokesmen said.

Police Seeking Help In Locating a Cat

Police today asked for cooperation in the search for a missing Siamese cat, a male, which escaped while being held under observation for possible indications of rabies.

Chief of Police William Miller said the cat was the property of Ed Damrill, 804 West 16th. The Siamese cat was injured on Nov. 24 in a tangle with another cat, which was reported as acting strangely. Damrill was holding his cat for observation when it accidentally escaped Monday.

Miller pointed out the possibility of the cat being rabid was slim, but added the animal should be located to make certain. He asked anyone who might have seen or picked up the cat to telephone Damrill at TA 6-1472.

SOUTH OF DA NANG, SOUTH VIET NAM — A napalm bomb, dropped on suspected Communist target, sends up billows of smoke after being released from a U.S. Air Force plane south of Da Nang recently. Communist targets

were the objectives of 140 attack sorties from the nuclear-powered aircraft carrier, USS Enterprise, which went to war for the first time Thursday. (UPI)

Jobless Rate In Decline For November

WASHINGTON (AP) — The nation's jobless rate fell in November to an eight-year low of 4.2 per cent, the Labor Department said today. Total employment was at a record November level of 72.8 million.

The actual number of unemployed at 2,966,000 was up about 200,000 from October, but it usually rises some 300,000 in November and the Bureau of Labor Statistics adjusts the jobless rate on a seasonal basis.

Without the seasonal adjustment, the unemployment rate was even lower—3.9 per cent of the total civilian labor force of 75,803,000.

Harold Goldstein, assistant commissioner of the Bureau of Labor Statistics, said the drop in the rate from October's 4.3 per cent was not considered statistically significant, but showed the continued year-long drop in unemployment.

No 'Drastic' Plans

Discount Quick Move On Buildup

WASHINGTON (AP) — Although another large increase seems probable, U.S. officials discounted today the likelihood of any dramatic immediate reinforcement of U.S. troops in South Viet Nam to counter the mounting infiltration of North Vietnamese soldiers.

The key to the pace of the buildup, which some say may see an eventual doubling of the present 165,000 U.S. fighting men in South Viet Nam, is the progress made in developing the port, depot and other facilities to receive the additional troops

and to support them once they are in the country.

Work on the pivotal Cam Ranh base on the Vietnamese coast is moving ahead on a two-shift-a-day footing, but even at that tempo engineer officials say it will be quite a while before this and other new ports are in high gear.

Priority construction also is being pushed on new airfields to handle heavier Air Force operations in prospect.

No responsible official at this point will stand behind any specific figure as the manpower goal for Viet Nam.

Secretary of Defense Robert S. McNamara, who returned Tuesday from a short visit to South Viet Nam, hasn't yet discussed his latest findings in depth with President Johnson and Johnson has the final say.

The ultimate extent of the reinforcement will depend on the actions of the enemy. Experience — especially the experience of this past year — has shown that manpower sights have had to be lifted again and again.

Some speculation is that U.S. forces in South Viet Nam may increase from the present 165,000 to 250,000 or 300,000 men. Conceivably, the eventual total could zoom even higher.

Not counted in with the present 165,000 are some 50,000 to 60,000 Navy men aboard 7th Fleet vessels in Southeast Asian waters.

Enlistments are up sharply in all the services, and the Army is taking in about 40,000 draftees this month.

Draft calls are certain to remain about this high. They could go higher if the troop demands growing out of the Viet Nam war become acute.

Manpower plans are based on the need to beef up the regular forces worldwide by 340,000 men to a total just below three million, and by the need to replace casualties, the sick, and men whose enlistments and tours of active duty expire.

Humfeld Assigned To Vandenberg Base

Maj. Gen. H. E. Humfeld has been assigned as deputy commander of Vandenberg AFB, Calif. He was formerly at SAC headquarters at Omaha, Neb., before being stricken by a heart attack three months ago from which he has fully recovered.

Vandenberg, located north of San Francisco, is a chief testing and firing base for all types of missiles.

Gen. Humfeld is a former commander of Whiteman AFB.

Executive Editor Of 'Globe' Resigns

ST. LOUIS (AP) — Charles Pierson, executive editor of the St. Louis Globe-Democrat since 1956, resigned Wednesday, effective Jan. 1.

Pierson, 59, who started in the newspaper field in 1928, had supervised news, features and special departments with the Globe-Democrat. He said he would pursue personal interests.

Pierson worked for the old Toledo News Bee from 1930 to 1933 before moving to the Cincinnati Post, where he stayed until 1939. He moved back to the Pittsburgh Press, where he started selling advertising in 1928, and stayed 18 years as news editor and then managing editor.

Spectacular Space Effort Near

CAPE KENNEDY, Fla. (AP) — As Gemini 7 held firm to its Saturday blastoff schedule, technicians today began preparing Gemini 6 for the second launch in America's double space spectacular.

Electrical connections were checked and 42 pounds of drinking water loaded aboard the Gemini 6 spacecraft scheduled to carry astronauts Walter M. Schirra Jr. and Thomas P. Stafford into orbit Dec. 13 to rendezvous with Gemini 7.

Gemini 6 has been in "bonded storage" in a hangar since its original flight date was wiped out Oct. 25 when their Agena target satellite failed to achieve orbit.

It will remain there until after the Gemini 7 launching, set for 2:30 p.m. (EST) Saturday.

Gemini 7 astronaut Frank Borman, described by experts as "a sound sleeper who dreams," and his witty copilot, James A. Lovell Jr., met today with project officials to review all aspects of the space double-header. They also spent hours reviewing the flight plan.

Schirra and Stafford practiced rendezvous maneuvers in a spacecraft simulator before joining Borman and Lovell in the flight review.

CAPE KENNEDY — Gemini 7 astronauts James Lovell and Frank Borman stand near a model of the spacecraft they will be in when they orbit the earth. The astronauts are on a

strict diet in preparation for the flight and scientists are keeping tabs on the astronauts who are preparing for their 14-day space voyage. (UPI)

Ann Landers

Answers Your Problems

Dear Ann Landers: The question is simply this: "To filch or not to filch." I don't mean from the supermarket. I mean from the wallet of a stingy husband.

For 20 years I lived like a pauper. I had to beg my husband for every extra dime. It was always, "Wait till next week" or, "I'm a little short right now—can't spare it."

One day I helped myself to \$2 out of his billfold and 75c from his pocket. He never missed it. I've been at this routine for three years now and it's amazing how quickly the dimes, quarters and dollars have mounted in my private bank account.

For a God-fearing woman who was raised in a decent home I'm curiously immune to the pangs of conscience. I do not consider it stealing. If you wish to be analytical you might describe this behavior as "subconscious revenge."

If this is true, Ann, revenge is sweet. My bank account is growing along with my confidence and my personal dignity. The greatest satisfaction stems from the knowledge that my husband, with all his penny-pinching, hasn't saved a cent and I have a healthy boodle.

What do you think of this? Right or wrong?—LIGHT FINGERED.

SC Prospects For Varsity Team Heard

Prospects for the 1965-66 Smith-Cotton High School Tigers basketball team were revealed to the members of the Sedalia Lions Club at its noon-day meeting Wednesday. Speaking to the Lions on the Tigers program were Coach Earl Finley and "B" team Coach Paul Schwartz.

Coach Finley is optimistic over his prospects for the Varsity squad, and remarked, "We may not win them all, but I anticipate a far better season than was expected at the beginning of practice." He also announced the Tigers had a full schedule and played in the Boonville turkey tournament in which they placed third last week. They will also play in the Clinton tournament, January 26-29, while this month they'll play in the Marshall Christmas tournament, Dec. 28-31.

He spoke of several of the boys and improvement they have shown since practice has started.

Coach Schwartz reviewed the "B" squad, indicating the Varsity will be well "fed" through this group of boys. He also was rather optimistic over his prospective results.

The program was in charge of Chuck Branson who introduced both speakers.

Guest at the meeting was Kenneth Hightberger, Cities Service pipeline superintendent, at Knob Noster. He is a member of the Lions Club at Knob Noster and was a guest of Wm. O. "Bill" Hiatt.

A general discussion was held over the prospects of going together with other civic clubs through the Civic Club Council and sponsoring an All-Sports banquet this spring which would include all of the Varsity squad members in football, basketball, track, baseball, golf, tennis and other athletic groups in conference competition.

The annual shoe program was discussed and a committee appointed to select children to be furnished such for Christmas.

KC Arts Festival Set For Next May

KANSAS CITY (AP) — The Performing Arts Foundation of Kansas City announced it will present a festival next May of orchestra, ballet and opera works based on the music of Henry Purcell.

The performances will be at the Music Hall in Municipal Auditorium on Friday night, May 27, Sunday afternoon, May 29, and Tuesday night, May 31. The foundation stirred with its initial venture—a performance of "Julius Caesar," an almost forgotten opera by Handel.

Lawrence Kelly of Dallas, Tex., produced it, and he has been engaged to produce the Purcell festival. His budget is expected to be about \$100,000 again, and performers with international reputations will be sought for the principal roles.

The festival will include "Dido and Aeneas," an opera, commissioned ballet set to Purcell music and concert arrangements of the 17th century composers orchestral works.

CAPE KENNEDY—Gemini-7 Astronauts James Lovell (center) and Frank Borman (2nd from right—top) shown at the mission simulator during a rehearsal. Packages at left contain food they will eat during the 14 day flight. (UPI)

Choice of Answers Gives Clue To Living Desires

NEW YORK (AP) — If you could live in any period of the world's history, which would you choose—past, present or future?

Your answer shows whether you are a romanticist, a realist, or a gambler.

The romantic soul aches for the imagined glamor of bygone times he never knew. If he is a henpecked husband, he may yearn for the caveman days, when each fellow was master of his niche in the cliff—and women received equal rights by being belted over the head with a club.

Or he may pine for the chivalrous glories of knighthood. He overlooks the fact that riding off to battle in a suit of clanking armor must have been largely just a noisy adventure in claustrophobia.

The gambler, contrary to the romanticist, thrives on great expectations. The future is his dish.

He wants to zoom through space, build a desert villa on the moon, and explore Mars in search of red-eyed, little green people-like creatures with antennae on their nogginns. He doesn't have any real idea what life will be like in the 21st or 22nd centuries. But he is sure it would be wild, and weird and wonderful.

So much for the backward lookers and the forward seekers. That leaves us with the

realists. They are the ones who aren't hungry for a fabled past or thirsty for a fabulous future.

They walk the tightrope of the present—between a dream and a dream. They prefer to banquet on the bread and wine of now, satisfied with the menu as it changes in the course of their lifetime.

What is the best time to live? When you get right down to it, what's the matter with right now?

A man who has achieved the full maturity of middle age in this most murderous of centuries is a privileged adventurer indeed.

He has survived two world wars and one of the worst depressions our country ever knew.

He has seen the horse and buggy give way to the auto, the street car replaced by the bus, the railroad succeeded by the jet plane, artillery outmoded by the atomic bomb.

From birth the middle-aged man today has been surrounded by change.

He has seen more change than any other individual his age in history. But it is possible for a man to get a bellyful of change. Change isn't always for the better.

That's the reason that now, for many a thoughtful man, is the best of all times in which to live. He'd rather pause and enjoy today's goodies — before

Missouri Southern Free of Conference

KANSAS CITY, Kan. (AP)—Missouri Southern College, heretofore the Joplin Junior College, was released from the Interstate Athletic Conference at a meeting of the six schools Wednesday.

Missouri Southern is scheduled to become a four-year school in 1967, and it asked for the separation — at the conclusion of the spring sports program in 1966.

Lt. Col. John Kravcolec of Kemper Military Academy was elected president of the conference. Maj. John Readecker of Wentworth Military Academy was named secretary-treasurer.

tomorrow comes along and improves him to death.

FRIDAY

The Missillairs will square dance at the Whiteman AFB Service Club with Damon Hieronymus caller. Graduation dance.

To Resist Efforts To Reroute US 24

TOPEKA, Kan. (AP)—Mayor Charles Wright said Wednesday that any efforts to re-route U.S. 24 north of Topeka will be resisted.

"We'd go all out to keep highway 24 in Topeka," Wright said. Discussions have been underway on a proposal to locate the highway between Manhattan and Leavenworth which would bypass Topeka. At present the highway goes through the north part of the city.

A proposal was initiated recently in Excelsior Springs, Mo. at a meeting of civic leaders and county officials. One idea was to re-route the highway so it would miss the Kansas City metropolitan area.

In Kansas the suggestion was made for a Manhattan-Leavenworth route.

Prosperity Putting Bind On Seasonal Employment

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP) — Prosperity and rising employment are combining to put a bind on that once all but limitless market, the part-time or seasonal worker. Many stores are finding it harder this year to get competent extra help to handle the December rush of shoppers.

At the other end of the scale, prosperity and a tighter labor market are making it harder to fill highly skilled jobs, especially in those industries where discoveries, new techniques and products seem to be almost an everyday occurrence.

Overpays Old Debt

TOLEDO, Ohio (AP) — Ethel Miller received \$45 in the mail recently, accompanied by an unsigned letter that read:

"I believe this is the amount I found. Please forgive me, for it was badly needed."

"I do forgive him, oh, I do," said the suburban Rossford woman. "It must have preyed on his mind."

But Mrs. Miller thinks the debt has been overpaid. She believes there was only \$29 in her purse when she lost it in 1923.

The Sunday papers are crammed with ads from employers looking for the right man or woman to fill the highly specialized jobs. Often, it's becoming a matter of luring personnel away from other companies or other sections of the nation.

At the less esoteric level, the supplying of the hordes of extra hands to meet the retail shopping spree, the problem is of a different order.

In the past, housewives have been a mainstay. They worked for a few weeks, used the extra income to handle troublesome bills or to furnish welcome pin money for their own holiday gift shopping.

Some merchants report that this year prosperity in the form of larger paychecks for the family breadwinner apparently has made many housewives who used to apply for the December jobs stay at home. They don't need the extra money as much as they need to rest their feet.

Also, higher pay scales in many lines have made the part-time wage scales look puny by comparison. The part-time worker is getting choosy.

And in the big cities, the downtown stores report that

TOYS OF YESTERYEAR—Antique toys, each an authentic collector's item, surround Mary David and Jerry Smith. Smith of Kansas City, Mo., has selected 500 of the valuable playthings from his collection for a Christmas season display at the Hallmark Gallery in New York City. Miss David is a member of the gallery staff.

many of their housewife-type helpers of yesteryear have moved to the suburbs and aren't interested any more.

The problem, of course, isn't confined just to December. Re-

tail stores have complained for some time that the higher pay in jobs that women also think have higher status, such as office work, has crimped the market for clerks.

Clip Phone Wire To Be Sold As Junk

UKIAH, Calif. (AP) — When telephones suddenly stopped working in areas of Mendocino County during November, many residents were ready to storm the telephone company offices to demand better service.

Sheriff's deputies reported Tuesday they had discovered the cause. Telephone wire had been clipped in remote spots and rolled up on spools to be sold as junk in the San Francisco area.

In all, nine miles of wire was snipped in five separate raids. Arrested and jailed on felony charges of cutting telephone lines were David Phillips, 18, of Carrollton, Ga.; and three Uki-

Father, Son Die Of Heart Attacks

BERGAMO, Italy (AP) — Nicola Comelli, 88, and his son Pietro met Tuesday for the first time in 20 years.

Moments after the meeting Pietro, 55, who had been living in Sardinia, suffered a heart attack and died.

His shocked father died a few hours later of another heart attack.

Executive Wife Helps Her Husband

NEW YORK (AP) — If you want to help your husband get ahead, you'd better not be too sexy, too beautiful or too smart. If you succeed, though, you could end up with an ulcer.

That is the word from Mrs. J. Robert Fluor of Pasadena, Calif., wife of a business executive and beautiful mother of two sons, aged 18 and 20. She's so attractive you would think she did not take her own advice.

Her husband of 21 years is president of the National Association of Manufacturers. He also is president of Fluor Co. Ltd. of Los Angeles, a firm with 6,000 employees that does a \$100-million to \$200-million a year business building oil, chemical and petrochemical plants around the world.

"We have the perfect husband-wife relationship," said Fluor. "I get the work, and she gets the ulcer."

Less than three months after he was elected last year to a one-year term as president of the NAM, Mrs. Fluor came down with an ulcer.

"I take things quite seriously," she said. "But that ulcer — it wasn't all NAM. It was part Fluor."

She is quite serious about her role as a corporate wife.

"You should be a good listener and a good conversationalist," she said in an interview. "That's one of the biggest things for a good wife."

At all odds, you must not attract too much attention or any criticism.

"Any criticism of the boss's wife would be transferred to his company," she said.

"I like to be able to be myself, but I must dress and act in keeping with my husband's position and not overdo."

As for her husband's business, Mrs. Fluor said she knew little about it.

"He's a firm believer in leaving business at the office," she said. "When someone asks me why the stock went up or down, I don't know and I ask. But he always says he doesn't know, either."

"I give him an opinion on personal problems, whether he asks or not."

Unionville Bond Issue Rejected

UNIONVILLE, Mo. (AP) — A proposed \$950,000 bond issue for a central junior-senior high school was rejected Tuesday for the second time in a month by Putnam County school district voters.

FORT WAYNE, IND.—Violinmaker Karl Conner prepares to replace a back on a 1921 Joseph Kaye violin in his Fort Wayne shop. Each year countless violins — including the

famous Stradivarius — are brought to Conner, reportedly the last stringed instrument repairman in Indiana. (UPI)

Business Analysis

Pay Checks Rising Faster Than The Cost of Living

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — The factory worker's paycheck has been rising faster than the cost of living—his government tells him. A lot of other folk probably are less lucky. And some factory workers may have their doubts as the monthly bills pour in this week.

The cost of living has taken a marked spurt this fall for everyone. The factory worker is called lucky because the government says that on average his take-home pay has gone up enough to cover the additional costs, with something left over. The total of personal incomes has risen sharply, too, although many a man struggling with the family budget in this big spending month may think the government must be talking about somebody else.

The figuring is done by com-

paring government indexes.

One, the consumer price index, has climbed to a record 110.4 per cent of the 1957-59 average and is still climbing. In October it stood 1.9 higher than a year ago. That means that what \$10.85 would buy then costs you \$11.04 today. All you need, presumably, are those 19 cents.

The other, the index of average weekly take-home pay for a factory worker with three dependents, has risen to 116.1 per cent of its 1957-59 average and is up 4.8 from its 111.3 per cent level in October 1964. From that the government statisticians deduce that factory pay has risen more than has the cost of living.

Put another way, the government says that this October its average factory worker took home \$97.82 each week, and has \$5.64 a week more this year

Runaway Girl Home

ENCINO, Calif. (AP) — Mary Wilson, 16, who ran away to work in a Bangkok, Thailand, orphanage, is home again.

Miss Wilson's arrival at home Wednesday night was almost as quiet as her departure 12 days earlier.

Mary and her mother, Mrs. George Wilson, left Los Angeles International Airport almost immediately after arriving aboard a Pan American airliner. After receiving letters from Mary, Mrs. Wilson had followed her daughter to Bangkok.

than last with which to meet the monthly bills.

But whether your own income has gone up that much or not, the upward spurt in the cost of living is no joke. And top government officials are reported trying to think up ways to slow down the advance.

Of the major divisions in the Labor Department's consumer price index, only personal care is reported less costly than a year ago. It is down 0.6 per cent this year to 109.2 of its 1957-59 average.

Find Coins In Bucket In Old Shed

BROOKFIELD, Mo. (AP) — The old coins which Mary Trimble stashed in a two-gallon bucket in her shed will be auctioned Sunday, but the state probably will get the proceeds.

Born a slave, Mary Trimble Mildred A. Hudspeth, 41-yr.-old burned out her home at nearby Linneus, Mo. Some acquaintances reckoned her age at 100 or more. She had a reputation for frugality, regularly putting away part of her earnings as a domestic servant.

The two-gallon bucket in the shed yielded 874 coins dating from 1878 to 1946. They have a face value of \$405. They haven't been appraised as collectors' items.

From the burned out house, investigators salvaged charred and partly burned bills redeemed by the U.S. Treasury and the Federal Reserve Bank for \$2,900.

Walter Erwin, county administrator, speculates more money was lost in the fire. He bases this on the fact the newest coin in the bucket was dated in 1946.

Mary Trimble's daughter, Mrs. Stella Botts of Washington, has not entered a claim for the money; but Missouri did. It seeks to recover the \$7,900 it

MILITANT MISS—A Pakistani girl carries a rifle almost as long as she is during a military drill at Karachi. Women are receiving some military training as part of a stepped-up civil defense program following the armed clash with India over Kashmir.

granted to Mary Trimble over the years in old age assistance payments.

Ten Years In Prison For Killing

KANSAS CITY, Kan. (AP) — Neal William Whinery, 40-year-old railroad switchman, pleaded guilty to a second-degree murder charge Wednesday and was sentenced to at least 10 years in prison for the slaying of Mrs. Mildred A. Hudspeth, 41-yr.-old employee of Procter & Gamble at its detergent plant in Kansas City, Kan., was found dead at her apartment on March 23 after her mother called from Columbia, Mo., to inquire about her. She was shot to death, apparently three days earlier.

Whinery's attorney served notice he will file a petition asking for immediate probation so Whinery was allowed to remain free under \$10,000 bond. The plea probably will be heard Dec. 10 or 17.

Whinery was charged originally with first-degree murder. Investigators testified at a preliminary hearing that Whinery told them he and Mrs. Hudspeth drank together at her apartment on March 30. He heard a loud report and discovered a rifle lying across his lap. He was quoted as saying it was a rifle he bought in 1959 and kept at Mrs. Hudspeth's place. He had a key to her apartment.

Oil Platform Sinks With 14 Missing

MANILA (AP) — Ships in the South China Sea searched today for survivors from a 9,500-ton oil installation platform which broke in two and capsized while being towed by a Dutch tug. One report said 14 men were missing.

The 500-ton tug Willem Barndsz radioed Wednesday night that both sections of the platform were still afloat and "no immediate assistance was necessary."

India Food Shortage Caused By Drought

NEW DELHI (AP) — India's worst drought in a century has created the prospect of serious food shortages throughout the nation and the likelihood that many areas will not have enough drinking water for man or beast. Food Minister Chidambaram Subramaniam advised Parliament today.

Subramaniam said the country's only hope of preventing widespread starvation was continued huge imports of grain under America's food for peace program.

Democrat-Capital Class Ads Are Workers You Can Afford To Hire! Dial TA 6-1000.

Despite food shortages, some areas may have to abandon cultivation to preserve drinking water, the minister said.

Astronauts In Physical, Mental Tests

By HOWARD BENEDICT
AP Aerospace Writer
CAPE KENNEDY, Fla. (AP)—The Gemini 7 and 6 astronauts had a five-hour appointment with the doctors today to make certain they are physically and mentally fit for their doubleheader space launching.

For the Gemini 7 crew, Air Force Lt. Col. Frank Borman and Navy Cmdr. James A. Lovell Jr., it was the final major check before they ride a Titan 2 rocket into the sky Saturday to kick off the twin shot. Scheduled blastoff time for the 14-day endurance mission is 2:30 p.m. (EST).

The Gemini 6 astronauts, Navy Cmdr. Walter M. Schirra Jr. and Air Force Maj. Thomas P. Stafford, undergo a less extensive exam. They will have a final physical three days before the scheduled Dec. 13 liftoff of their two-day flight.

The two spacecraft are to rendezvous, perhaps within a few inches, in what would be an historic space feat.

The Borman-Lovell examinations will provide baseline data for use in the most comprehensive medical survey ever attempted on a U.S. man-in-space journey.

Gemini 7 will be crammed with medical instruments which will funnel information to ground stations as Borman and Lovell circle the earth for 329 hours in a weightless whirl.

The study is to answer such questions as: Do bones grow old in weightlessness? Can man be protected from developing a "lazy heart" in space? Can he survive well enough in space to make a 14-day flight to the moon, the longest planned in the Apollo program? How deep does an astronaut sleep?

Three experiments are designed to learn what happens to the calcium in bones. The Gemini 4 and 5 flights, four and eight days respectively, showed some loss of calcium.

This loss is what makes the bones of older persons more fragile than young bones. If a space pilot developed "old bones" in orbit, they could be damaged during the plunge back to earth when there is a

BUBBLE-HEADED—Photo shows the new "bubble" type helmet that has been incorporated in the moon exploration suits to be worn by Project Apollo astronauts. The transparent plastic headgear affords lighter weight, more comfort and greater visibility than the familiar white one.

sudden shift from the relaxation of weightlessness to the punishing forces of heavy gravity.

The calcium intake and output of Borman and Lovell has been carefully measured for two weeks. It will continue throughout the flight and for days afterwards.

In weightlessness, the heart does not have to pump so hard where there is no gravity. This lowers blood pressure, upsets circulation and causes blood to pool in the lower legs. To stimulate the heart, both astronauts will exercise by pulling on a

Offer Plan To Reroute Highway 24

EXCELSIOR SPRINGS, Mo. (AP)—Civic boosters and county officials in the area just north and east of Kansas City have initiated a campaign to reroute U.S. 24 between Carrollton, Mo., and Topeka, Kan., so it would miss the Kansas City metropolitan area.

About 60 persons from four counties attended an organizing meeting Monday night promoted by William Lambert, secretary of the Excelsior Springs Chamber of Commerce.

Lambert reported he had word from Kansans that they are working for a rebuilding of U.S. 24 which would take it through Leavenworth, Kan., about 15 miles north of its route from Topeka through the north outskirts of Lawrence, Kan., into Kansas City, Kan.

On the Missouri end, the highway turns south from Carrollton, crosses the Missouri River at Waverly and runs west through the most congested part of Kansas City, Mo.

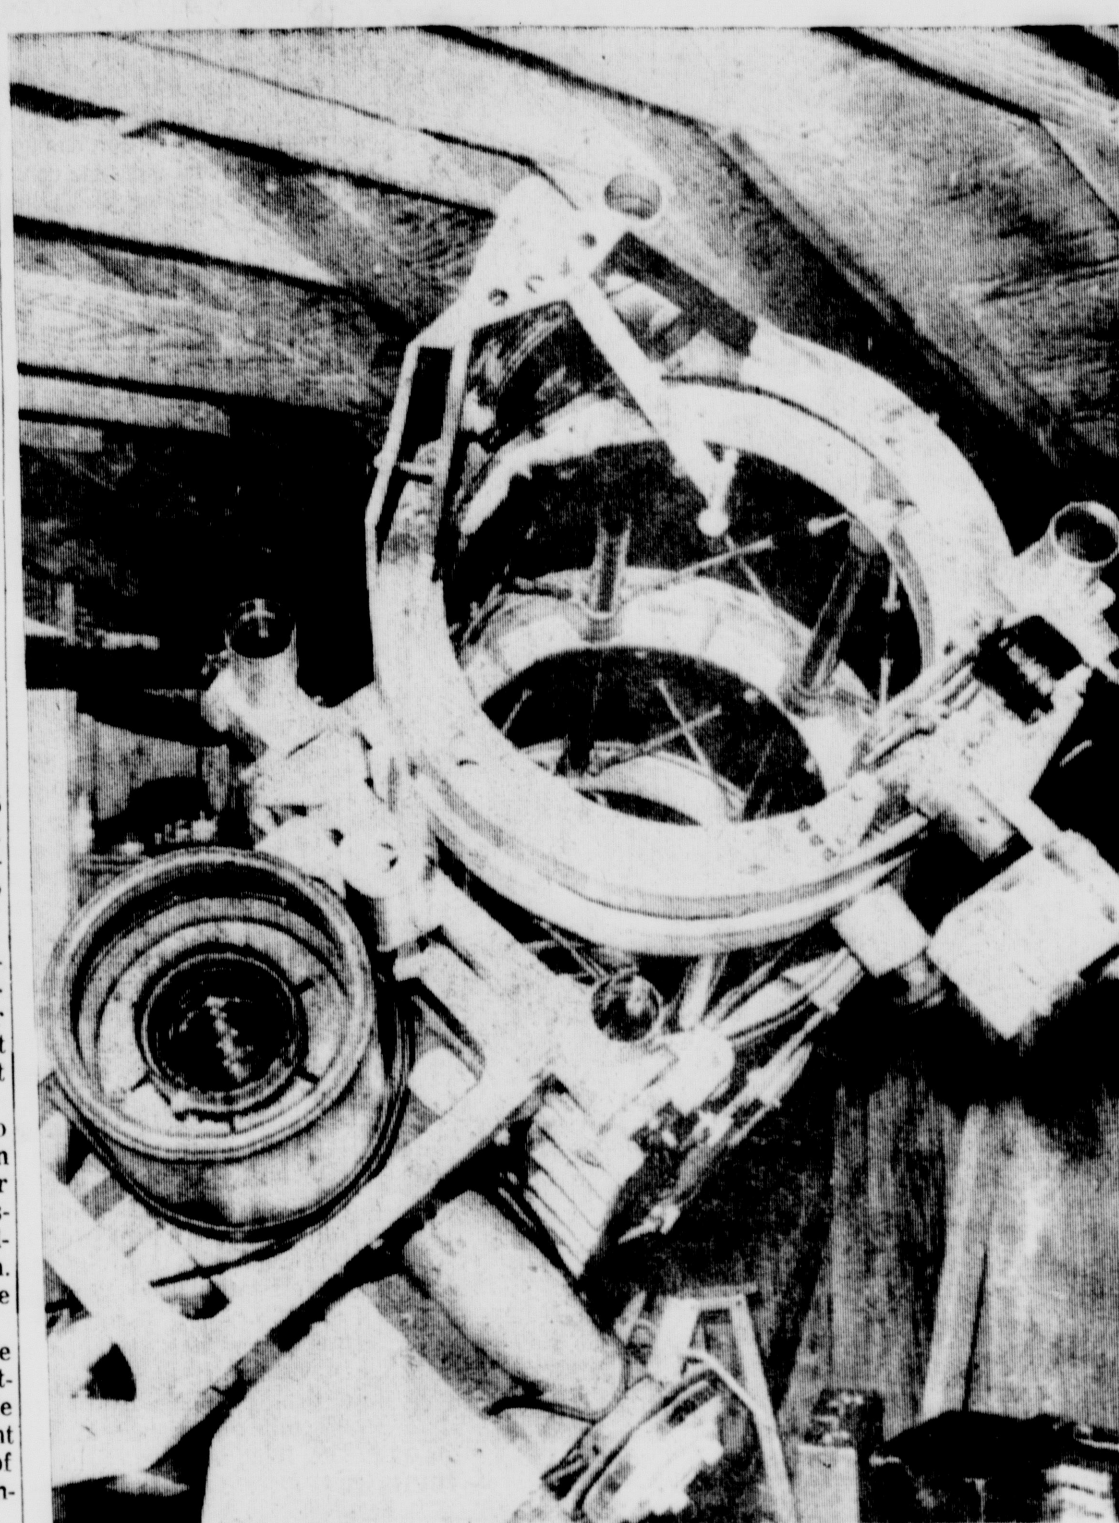

The boosters want it go to straight west from Carrollton and connect near Excelsior Springs with what is now Missouri 92, the route from Excelsior Springs to Leavenworth. This would skirt the north edge of Kansas City.

William Baxter Waters, state senator from Liberty, Mo., outlined the steps for getting the Missouri Highway Department and the Federal Bureau of Roads to relocate a U.S. highway.

Participants agreed it would be at least eight years before any new roadway could be constructed for the alternate route.

Members of the Platte, Clay, Ray and Carroll county courts pledged their support and agreed to name two men from each county to prosecute the campaign.

stretchable cord. In addition, Lovell will wear pneumatic cuffs on his upper legs to keep blood circulating near normally. Following the physicals, both sets of astronauts were to practice runs in a spacecraft simulator and review flight plans.

WASHINGTON—A team of amateur astronomers has seen and photographed "color glows" on the moon which may be caused by gases escaping from the lunar interior. NASA reported Tuesday that the glow observed in the crater Aristarchus on Nov. 15. Shown here at

Port Tobacco, Md., is the instrument used in the sighting. It consists essentially of rotating color disks mounted on a 16-inch telescope. The rotation of the disks caused the glow reportedly the last stinging instrument epairman of blinks. (UPI)

Sunnyside Club In Meeting

Sunnyside Extension Club met Nov. 23 at the home of Mrs. Owen Fox.

The program of International Food, was presented by the program chairmen, Mrs. Otis Thomas and Mrs. G. A. Ragland, who gave interesting stories of foreign foods. They also gave the history of foreign dishes that had been prepared: Swedish meatballs; salmon escalloped with potatoes (Finnish); Swedish rye bread; Sauerkraut mit apfelsm (German); Danish apple cake; eggplant (fresh salad) England. Each member prepared a foreign food of some type.

Mrs. R. B. Cain, vice president, presided in the absence of Mrs. John Knaus, who was substituting for Sunnyside teacher. The club voted to donate \$10 to the Children's Therapy Center.

Roll call was answered by the members showing things to

make for Christmas gift giving. These included light decorations, balls, candles, macaroni Christmas trees, angel centerpiece, Santa napkin rings for children, pin cushions of Mason jar lids.

Mrs. Virgil Reid, Route 4, was welcomed as a new member.

Mrs. Cain, in her business meeting, assigned hostesses for the new year and appointed chairmen of the various committees and program chairmen for each month.

The next meeting will be Dec. 21, and will be a party for the husbands at the John Knaus home.

Local People-to-People Program Plans Stepped Up

Increased activity in the coming year was discussed at the meeting of the Sedalia Chapter of People-to-People held Sunday evening at the home of Mr. and Mrs. Alvin Heynen, 2017 Fairview Court, at which time it was voted to plan for a group of foreign visitors in mid-July from the European and Scandinavian countries.

Young Lady Robs Store Owner

HARTFORD, Conn. (AP) — Alex Sellock, owner of a downtown shop, says he was trying to fit an attractive young lady with a pair of fur-lined boots when she pointed a small pistol at him and ordered him into the storeroom. Then she made off with \$50 from the cash register Tuesday night.

Jet Hits Hanger

ANCHORAGE, Alaska (AP) — A jet fighter plane slid into a hangar while landing at Elmendorf Air Force Base Tuesday night, setting a fire which destroyed the \$1.2-million building.

The pilot, Lt. Col. Francis R. Lawson of the 325th Fighter Wing, McChord Air Force Base, near Tacoma, Wash., escaped but suffered a back sprain and was placed in a hospital.

The F106 was completing a flight from Eielson Air Force Base, near Fairbanks. It slid into the back of the hangar, which housed three planes which firemen managed to remove.

The meeting, which was presided over by Ralph Walker, president, was preceded by a covered dish dinner.

Mrs. Heynen, who had been acting secretary since the resignation of Mrs. Thelma Cook who moved to Marshall, was elected permanent secretary.

Among the several guests present were two of foreign birth, Vaswani of Bombay, India, a computer expert, who has been for several weeks at Twon and Country Shoes, where a new computer has been installed; and Edwardo Paat, Jr., from the Philippines, who was graduated from Smith-Cotton High School and is now attending Central Missouri State College, Warrensburg.

The chapter here of People-to-People was organized, Mrs. Neil Chapman explained, because of the calls from the Chamber of Commerce and others to some of the people of the community to take over the entertainment of foreign groups that came to Sedalia. Since it had organized for that purpose, she said, there had not been one call. The members, however, done many things individually and had foreign students in their homes.

Walker urged that those in the chapter try to interest others in becoming members, stating that he believed there were many in the area who would like to participate in the program which would create good will for Sedalia and surrounding communities in other countries. He pointed out there are People-

JASPER, MO. — Collision between Missouri Pacific freight train and large trailer truck near Jasper, Mo., Tuesday killed truck driver Bobby Taylor and piled 22 freight cars, 4 diesel

locomotives along track. Truck cab, dragged a quarter mile, was rushed under freight cars, left, in photo. (UPI)

to-People Chapters all over the country making valuable friendships in foreign lands.

One of the new activities that has been inaugurated by head-

quarters is the People-to-People clubs for senior and junior high school students designated as Teen Club.

The Sedalia Chapter of Peo-

ple-to-People plans to have meetings at least every quarter with perhaps board meetings each month. The next meeting is planned for January.

Christmas Specialties In Markets

By THE ASSOCIATED PRESS

Christmas specialties and convenience foods for tired housewives are appearing in the markets this weekend.

From now through the holidays, the emphasis will be on foods quick and easy to prepare to ease the burdens of exhausted Christmas shoppers and card writers.

Tangerines, tangelos, oranges, grapefruit, pomegranates, popcorn and a full range of nuts are coming in, with pecans and peanuts particularly plentiful.

Thanksgiving shoppers made a big dent in the turkey supplies, but there still are enough to meet December needs.

Lettuce, carrot and celery prices are inching up, following the heavy rains in California. Beans and artichokes are high.

There are increasing supplies of beef, with special emphasis this week on ground beef and steak. Pork chops, roast and ham are in good supply, and lamb roasts should be good buys.

cavator "has recently been supplied by the Soviet Union." (Photo and caption from Communist sources). (UPI)

Vital Viet Decisions Due

EDITOR'S NOTE — Important decisions on the future course in South Viet Nam are expected when Defense Secretary McNamara reports to President Johnson this week on his latest trip to that country. Just what is the military picture that must form the basis of these decisions? An Associated Press correspondent presents a full account of the situation as seen in Saigon and in the field.

By PETER ARNETT

SAIGON, South Viet Nam (AP) — Despite the huge American buildup, Allied forces in Viet Nam remain insufficient to carry the fight to the Communist Viet Cong effectively. An important reason: Most U.S. and Vietnamese troops are pinned down by security jobs — including keeping what they hold — so that surprisingly few battalions are available for searching out the Viet Cong.

An influx of troops from Red North Viet Nam has in effect returned the situation to where it was earlier this year, before a surge of new U.S. forces tipped the balance temporarily in the Allies' favor.

The Communists in recent weeks have shown themselves willing to sacrifice hundreds of troops. Man for man, they are as well equipped as the U.S. infantryman and have as much, if not more, firepower. Seldom mentioned any more in Saigon is the theory that a U.S. platoon, because of its firepower, could easily wipe out a Viet Cong company.

The war now probably will produce bigger and bloodier battles. It seems likely that only if U.S. troops can wipe out large Communist units will the enemy return to the harassing hit-and-run guerrilla-type war.

Allied forces in Viet Nam total a little over 689,000. Of these 170,000 are American, 500,000 Vietnamese, 18,000 South Korean, 1,300 Australian and 300 New Zealand. In addition, the U.S. Navy has major forces deployed off the coast. At least four aircraft carriers and numerous destroyers are in action in the South China Sea all the time. One carrier provides aircraft only for South Viet Nam. Destroyers are used with greater frequency to bombard Viet Cong facilities and provide fire support for villages and outposts under attack.

U.S. strategy is to punch deep into enemy territory and hold as much of it as required to operate base installations. One U.S. aim is to keep its major base installations outside the range of Communist weaponry.

But putting bases deep in Communist territory, the U.S. command has found, requires plenty of men to defend them, and this defense job has eaten up battalions.

Jungled areas like Chu Lai, An Khe and Ben Cat, where up to six months ago the Communists moved freely, have become American base locations. Now that the bases are set up, the question is: "Where do we go from here?"

The Allied buildup thus far seems at the most to have had the effect of containing the Communists. Open invasion

across the border by North Vietnamese troops has drastically changed the picture.

New U.S. forces had been brought in early this year to forestall a dangerous Viet Cong buildup. Communist ranks were swollen by southerners who had gone north in 1954 when the country was partitioned, and who returned as indoctrinated "liberators."

Now, countering the U.S. buildup, North Viet Nam has sent in its 325th Division, mainly troops born and bred in North Viet Nam, and set the situation back, from the Allied viewpoint.

In view of this, there seems little doubt that U.S. Defense Secretary Robert S. McNamara will recommend a large increase in American troops in his report to President Johnson following his visit to Viet Nam early this week. Officials speak privately of having as many as 300,000 U.S. troops.

Both sides in this war are proving ready and willing to fight. The conflict has become something like a boxing match. Each side leaves its corner for a tussle in the center of the ring, then retires to safe territory until the bell rings for another round.

The U.S. Army's 1st Cavalry, Airmobile, Division rang it at Ia Drang by heli-lifting men deep into Red territory. The Communists hammered them, and themselves took heavy losses.

The cavalrymen pulled out last weekend.

The Communist side rings the bell by attacking government outposts and base installations.

The 81mm mortar, the popular Viet Cong weapon, has a range of four to five miles. U.S. commanders say that if they have security up to three miles from their main base installations, they are reasonably safe from accurate enemy mortar fire. But this will change if the Communists start using their bigger 75mm pack howitzers more frequently. These have an eight-mile range.

As the Americans establish more base areas for heavy artillery, they will need more men to secure them. There is a debate going on between U.S. military headquarters in Saigon, wanting bigger artillery in more places, and the U.S. Army 1st Division, preferring fewer artillery bases and more freedom for troops to move.

The role of U.S. Marines differs greatly from what it was in other wars. Historically, Marines were beachhead forces. The Army would come in later and the Marines would move on. Now they stay put around three coastal enclaves while the Army strikes out.

Burdened with this semigarrison duty, the Marines make the most of it by attempting pacification of Vietnamese villages. The Marines figure they have pacified everything within 12

miles of the Da Nang air base, but concede that Viet Cong terrorists still can penetrate defenses, mine roads or launch assaults against the air base.

Pacification is a sideline — a byproduct — so far as U.S. forces are concerned. Base areas have been chosen for military reasons. There is one pacification experiment in the Vo Dat area northeast of Saigon, where U.S. infantrymen guard farmers harvesting rice. The rice is in the area — like other "pacified" areas — will be turned over to the Vietnamese. U.S. officials insist it's an experiment.

UNITED STATES

Marines, totaling 40,000 have been assigned to the northern coastal part of the country. In South Viet Nam since February, they have established themselves in three main areas: the Da Nang air base, Chu Lai and the Hue-Phu Bai sector.

Most of the U.S. Marine Corps 3rd Division is at Da Nang, preoccupied with protecting the important airbase. Several Marine Seabee battalions work in the Da Nang area.

One Marine regiment guards the increasingly important Chu Lai air base, 65 miles south of Da Nang, where helicopter and Marine jets are based. Patrols from Chu Lai penetrate about 12 miles into countryside where the Viet Cong operate.

The Marine enclave in the Hue-Phu Bai area devotes itself

almost wholly to guarding the air strip there.

Marine officers say they would like a more aggressive role, but the Marine high command says if its forces can hold the coast and increase control in the lowlands, the Viet Cong can have the mountains and highlands.

"We want the places where the people are," said a Marine officer. "The Viet Cong can have the rest."

Two Vietnamese army divisions fight alongside the U.S. Marines in the 1st Corps area of Viet Nam.

A whole division of U.S. troops—the 1st Cavalry, Airmobile, Division—is based in the An Khe Valley in the middle of Viet Nam. This misty mountain area was envisioned as a jumping-off point for airmobile operations using the division's numerous helicopters. The division engaged in fierce fighting against North Vietnamese troops at Ia Drang.

One brigade from this division secures the An Khe base area. Another is free to operate against the enemy. A third is in reserve. The central highlands capital, Pleiku, has been a center for the cavalrymen. The highlands town of Kontum, north of Pleiku, may be another operating area.

The 1st Cavalry's mission is to engage the Communists in a fight to the death. It may have severe actions in the future because the central highlands represent the main infiltration route for the North Vietnamese.

A U.S. Army paratroop regiment from the 101st Airborne Division is based at Phan Rang, a fishing village on the coast, 160 miles northeast of Saigon. The 101st is primarily a reacting force for use in emergencies.

Other American installations in the 2nd Corps area include the main U.S. field force headquarters at the coastal city of Nhatrang, and the major project port of Cam Ranh Bay, a few miles south of Nhatrang, a huge airfield for jet craft has been completed at Cam Ranh. Big port facilities are being installed.

The U.S. Army 1st Division — the "Big Red One" — is deployed in four areas north of Saigon. One brigade is at the Bien Hoa air base, another at Ben Cat, and the third at the lonely town of Phuoc Vinh, beside Zone D. The division headquarters is at Di An, about 17 miles north-east of Saigon.

Attached to the 1st Division is the 173rd Airborne Brigade at Bien Hoa. This brigade has made many probes into the southern fringes of Zone D. Other 1st Division battalions have patrolled into Viet Cong areas.

But the main work up to now has been to secure bases of operation. As more heavy artillery comes in, more men will be needed to protect it because the Viet Cong seeks to knock out these pieces. As of now, the "Big Red One" probably has five battalions available for aggressive actions against the Viet Cong.

Part of the 1st Division region is Zone C, north of Tay Ninh, where no American troops have yet stepped. The U.S. Air Force, using jet bombers and B52s, has done the job in Zone C up to now. Eventually the 1st Division may have to go in.

U.S. helicopters have made a base of the old Japanese airfield at Phu Loi, 20 miles northeast of Saigon. U.S. armored and artillery units are there.

Saigon remains the main headquarters for U.S. forces, the seat for Maj. Gen. William C. Westmoreland, U.S. forces commander.

SOUTH KOREAN

Aiding the Vietnamese army's two divisions in the highlands is the Korean Capital Division, nicknamed "Tiger." Two Korean regiments numbering 10,000 men are based in the coastal city of Qui Nhon, due east of An Khe, providing security for the U.S. logistic bases there. The Koreans sometimes move out on pacification operations 10-15 miles from Qui Nhon.

A Korean battalion recently moved down to Tuy Hoa, south of Qui Nhon, to help secure the town after Viet Cong troops knocked out several Vietnamese platoons in the area.

The Koreans have 6,000 Marines at Cam Ranh Bay on security duty, and troops at Di An, north of Saigon, building roads and bridges.

Korea is the only foreign ally with a complete hospital which treats Vietnamese as well as Korean wounded and Americans.

AUSTRALIA-NEW ZEALAND

The 1,300 men from the Royal Australian Regiment, based at Bien Hoa, are under command of the U.S. 1st Division. They have been used mainly in search and clear operations around Bien Hoa. Occasionally they move into Zone D on search and destroy missions. They are supported by New Zealand artillery men using lightweight Italian artillery pieces that can be easily maneuvered.

Both Sides Mauled

Central Highlands Battle Ends With Red Withdrawal

LA DRANG VALLEY, South Viet Nam (AP) — A month of bitter fighting in Viet Nam's central highlands has ended.

American and South Vietnamese troops who mauled four Communist North Vietnamese regiments have left the bloody la Drang Valley and have gone to seek their enemy elsewhere.

Before they left, they reported 2,344 North Vietnamese dead. More are believed to have died in battles beneath the towering hills which mark Viet Nam's frontier with Cambodia, 200 miles north of Saigon.

For days men of the U.S. 1st Cavalry, Airmobile Division and a brigade of South Vietnamese paratroopers have been searching the region, trying to provoke a fight. Prisoners say that what is left of more than one division of North Vietnamese has slipped away.

Senior American and South Vietnamese officers are convinced they have handed the Communists a serious setback.

During the campaign American "Flying Horsemen" had to beat back human wave assaults which left North Vietnamese dead snaped before their positions.

Snipers in trees or lurking in the undergrowth were a constant menace. In some actions, U.S. casualties were heavy.

The campaign was triggered Oct. 19 when South Vietnamese irregular troops brushed against forward elements of North Viet Nam's 325th Division concealed outside the barbed wire entanglements of the small jungle fortress of Plei Me.

South Vietnamese troops, stiffened by American advisers, fought desperately around the camp. Vietnamese tanks and U.S. artillery and warplanes smashed the Communist onslaught on Plei Me and the North Vietnamese commander ordered a withdrawal.

American cavalrymen swung into pursuit before the North Vietnamese had time to regroup. American battalions dropped into clearings from helicopters, fanned out and swept through the jungle.

As soon as an area had been searched it was abandoned. Battalions were moved 40 times between Oct. 26 and Nov. 26 to keep the Communists off balance. Helicopters flew 23,800 hours of 49,000 sorties during this period to move men and supplies.

With the men came batteries of 105mm howitzers to pound jungle hideouts of the North Vietnamese with 31,873 shells during the month.

Cooks, clerks and radiomen sometimes were pressed into service to man the guns. Pilots flew helicopters in a shuttle service to bring up shells. Altogether, the copters flew 1,031 sorties to lift guns and supplies, moving batteries 68 times. Slightly more than 11,000 tons of supplies were lifted into battle by the big choppers.

U.S. Skyraider attack bombers, veterans of the Korean War, and supersonic jets were

Bond Set for Three

ST. LOUIS (AP)—Bond was set Tuesday at \$50,000 each for three men charged in federal warrants with a \$24,763 bank holdup.

The men are Kenneth Hood, 29, of suburban Crestwood; Richard Menard, 35, of St. Louis and Raymond Phillips, 26, who recently came to St. Louis from St. John, Kan.

U.S. Commissioner William O'Toole scheduled a preliminary hearing for Friday and set bond. The three were arrested 10 minutes after three armed men wearing ski masks robbed the bank of Pevley, Mo.

Jefferson County sheriff's deputies said money and guns were recovered in the car of the three men being held.

er fire from the ridge above them.

On at least one occasion Americans outdid their adversaries in jungle cunning. A North Vietnamese heavy weapons company carrying mortars and recoilless antitank rifles was cut to pieces in less than three minutes in a night ambush laid by men of the 1st Squadron of the 9th Cavalry along a trail close to Cambodia.

Capt. Charles Knowlen of East Holden, Maine, sprang the trap.

Each of the flying cavalry's line battalions went into the battle.

Brig. Gen. Richard T. Knowles said: "I am tremendously proud of them."

Knowles noted that the Communists maneuvered well and had good fire discipline.

"We can take them," Knowles said. "But we have to do it in a professional manner."

Its thinned ranks cheered wildly after the battle when the silver eagles of a full colonel were pinned on its commander, Hal Moore of Bardonia, Ky.

Moore's men had withstood repeated suicidal charges and with-

DESIGNED FOR EXPOSURE—The summer is long gone, but swimsuit designers keep coming up with new treatments of the fishnet motif. This new California number is cleverly designed to expose as much of the wearer as it conceals.

Concentrate On Bigger Spy Stories

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP) — The word is getting around in the television business that the executives who decide what programs we shall or shall not see are still concentrating on larger-than-life spy stories and fantasies for next season's network menus.

That may be true — almost all the shows that have been announced, leaked or rumored seem to be half-hour comedies.

Although this season is still young, it should be noted that those same people put more than 30 new shows into the network schedules in September, and have not achieved one real solid hit among them.

In this connection, it is interesting that year in, year out, CBS' Red Skelton maintains his large, loyal audience and his show is almost always up among the five or six top programs.

The form of the hour show is almost as predictable as the arrival of Christmas from the moment when Skelton, in tuxedo, appears for his opening monologue to the "silent spot" at the end.

The star, television's iron man with a record of a weekly show for 14 years, has his good weeks and his bad ones, depending on the material in his monologue and the ingenuity of his sketch writers.

The moments when he does his pantomime invariably are memorable. The dance numbers, in style, choreography and handsome sets and costumes, rank with those on the Andy Williams show, which means very good indeed.

Tuesday night was one of Skelton's off shows. The jokes in the monologue failed to catch the studio audience fancy. There was a long and inane sketch involving a restaurant and barber shop that was full of soap suds and flying spaghetti. Finally there was a pointless and slightly vulgar doctor-patient sketch that rambled around.

It was a very ragged show, but there were still a few fine moments, notably a short pantomime bit by Red, playing a meek little convict turning into an aggressive lion of a man when he discovers he can swing a sledge hammer.

Set Record For Globe 'Girdling'

WASHINGTON (AP) — Senators and representatives seem on their way toward establishing a record for globe-girdling travels during the congressional recess.

The bill for this year's overseas missions will not be known until sometime in March when all of the itemized accounts are turned in and published in the Congressional Record.

But it is expected to exceed by far the \$396,876.65 spent in 1964 — \$239,300.90 for travels by House members and \$157,575.30 for expenses of senators.

On the whole, congressmen on missions for House and Senate committees can charge the government for their official expenses. But many say they pay their own way, including travel by commercial airliner, hotel bills and the like.

All are supposed to pay for entertainment, such as visits to theaters and night clubs. In most cases they are supposed to pay for their wives if they take them along.

The bulk of the overseas spending is covered by the use of so-called counterpart funds, or U. S.-owned currencies which have accumulated largely when surplus farm commodities are sold under the Food for Peace program for local currency rather than U. S. dollars.

Many of those engaged in overseas investigations — the critics call them junkets — have gone and returned. Others are yet to go, and some sizable delegations are currently on tour. Individual members come and go on unheralded trips.

The purpose of the trips include inspection of military installations, investigation of how the foreign aid program is being run, attendance at international conferences, checking into peace prospects in Viet Nam and inspection of how the Alliance for Progress program is operating in Latin America.

But stopovers frequently include capitals such as Paris, London, Rome and Madrid. It is estimated that more than 100 members will hit Paris at some time during the 11-week congressional recess.

An exact tabulation of who went where and when will not be available until the expense accounts are reported.

OBITUARIES

William P. Staley
(Sedalia)

William P. Staley, 312 West Fifth, died at Fairview Nursing Home at 1 p.m. Wednesday, after a lingering illness.

Mr. Staley was born in Stafford County, Kansas, May 29, 1888, the son of the late A. J. and Jennie Whitecraft Staley. He spent most of his life in Sedalia. He was married in 1910 to Augusta Schroeder, and in 1943 he was married to Edna Kurtz.

He was chief engineer for the power plant at the MoPac shops in Sedalia from 1906 to 1946. After retirement he became a partner with Walter Staley in the Overhead Door Co. He was secretary of the Crown Hill Cemetery Board for ten years. He was also a member of the Broadway Presbyterian Church, Granite Lodge 272, St. Omar Commandery, Sedalia Chapter 18 RAM, and the Ararat Shrine.

Survivors include his wife of the home; two sons, A. J. Staley, 903 South Beacon, and William T. Staley, Marshall; a stepson, William Kurtz, Kansas City; five grandchildren and several nieces and nephews. A sister, Mamie Staley, and a brother, Walter Staley, preceded him in death.

Funeral services will be held at 2 p.m. Friday at the McLaughlin Funeral Chapel with the Rev. Garner Odell officiating. Mrs. H. O. Foraker will be at the organ. The Knights Templar Honor Guard will be present at the service. Burial will be in Crown Hill Cemetery.

Pallbearers will be Lee Farley, Ray Williams, Richard Coats, Fred Wagner, Warner Botts and Judson Banks.

Lillie R. Eichholz (Sweet Springs)

Mrs. Lillie Rebecca Eichholz, 82, died Wednesday at the Bounds Rest Home in Sweet Springs following a long illness. Born at Smithton, Mo., April 27, 1883, she was a daughter of the late William and Rebecca Gehlen Kroschen. She was married at Smithton, Oct. 8, 1902, to Leo Eichholz, who survives.

Also surviving are a daughter, Mrs. Theodore Campbell, Kansas City; a son, Herbert H. Eichholz, Eugene, Ore.; a granddaughter, Mrs. Diana Alminana, Kansas City; two sisters, Mrs. Laura Keenan, 1204 East 10th, Sedalia; Mrs. W. A. Montgomery, Scottsdale, Ariz.; three nieces, Mrs. W. G. Parsons, 1404 South Monticue, Sedalia; Mrs. George Peak, Colorado Springs, Colo.; and Betty Ann Blaich, Scottsdale, Ariz.

Mrs. Eichholz was a member of the Methodist Church and the Royal Neighbors Lodge. She had resided in Sweet Springs 45 years.

Funeral services will be at 1:30 p.m. Friday at the Moseley Funeral Home in Sweet Springs with the Rev. James Young officiating.

Burial will be in the Smithton Cemetery. The family will receive friends from 7 to 9 p.m. Thursday at the Moseley Funeral Home.

Ponder Viet Nam

MOSCOW (AP)—Soviet Premier Alex Kossygin discussed Viet Nam with British Foreign Secretary Michael Stewart today during a two-hour meeting at the Kremlin.

Funeral Services

Dimmitt H. Hoffman

Funeral services for Judge Dimmitt H. Hoffman, 1412 West Broadway, who died Tuesday, were held at 2:30 p.m. Thursday at the Wesley Methodist Church with the Rev. George Sparling officiating. Burial was in Crown Hill Cemetery.

Pallbearers were E. J. Green, Werner Botts, Emmett Hood, Fred Wesner, Henry Salveter and Lewis Scott. Honorary pallbearers were D. C. Davis, Frank Hayes, Dean Boatright, Nick Lewis, Earl Orr, John Eggert, R. J. Oman, E. L. Pulliam, Ed Jamison, Bryan Howe, Irwin Raut, John Ryan, Wray Schroeder, L. L. Studer, Kenneth Keele, Roy Snider, Dr. T. W. Bast and Robert Rapp.

Robert Hull

Funeral services for Robert Hull, 513 East 13th, who died Sunday, were held at the Gillespie Funeral Home at 1:30 p.m. Thursday with the Rev. Harry Purviance officiating. Burial was in Crown Hill Cemetery.

Albert J. Scherff

Funeral services for Albert J. Scherff, California, who died Tuesday, will be held at 2 p.m. Friday at the Bowlin Funeral Chapel, California, with the Rev. Marvin Kirchhoff officiating. Burial will be in the California City Cemetery.

Clark Infant

Graveside services for Cara Lee Clark, infant daughter of the Rev. and Mrs. Richard Clark, Centertown, who died Monday, were held at 2 p.m. Thursday at the Centertown Cemetery with the Rev. Rufus Longnecker of California officiating. The body was at the Bowlin Funeral Home, California.

Mrs. Esther Waller

Funeral services for Mrs. Esther Waller, Kansas City, who died Tuesday, will be held at 1:30 p.m. Friday at the Gillespie Funeral Home with the Rev. Marvin Sackschewsky officiating. Ed Woodrell will sing, "Be Still My Soul," accompanied by Mrs. Keith Maynard at the organ. Burial will be in Memorial Park Cemetery.

Berry M. Kelley

Funeral services for Berry M. Kelley, 82, 321 South Engineer, who died Monday night, were held at the Ewing Funeral Home at 10 a.m. Thursday.

The Rev. Lew Rowden, pastor of the Pentecostal Church of God, officiated.

Mrs. Claude North and Mrs. Earl Gentry sang, "Life's Railway to Heaven" and "Precious Memories," accompanied by Miss Deanna Tabor at the organ. Burial was in Memorial Park Cemetery.

Elizabeth Thompson

Funeral services for Mrs. Elizabeth C. Thompson, 86, who died Wednesday will be held at the Ewing Funeral Home at 2 p.m. Friday.

The Rev. Floyd T. Buntbach, pastor of the First Assembly of God Church will officiate.

Pallbearers will be six grandsons: Bennie Schaberg, Herschel Ross Jr., William D. Ross, Jack E. Ross, Larry D. Ross and Kenneth Ross.

Burial will be in Crown Hill Cemetery.

Charles T. Shoemaker

Funeral services for Charles T. Shoemaker, 78, who died Monday were held at the Ewing Funeral Home at 2 p.m. Thursday.

The Rev. Leonard Cundiff, pastor of the Central Baptist Mission, officiated.

Mrs. Betty Cundiff sang, "The

Annual Yule Banquet Set By MoPac Women

The Missouri Pacific Women's Club will hold its annual Christmas banquet in the educational building of St. Paul's Lutheran Church, Seventh and Massachusetts, Monday at 6:30 p.m. Members may bring their husbands and other guests.

After dinner there will be a Christmas program and gift exchange, with members to bring a gift for their guests. Members will also bring wrapped white gifts for the Christmas basket for a furloughed Missouri Pacific family.

Reservations should be made with Mrs. William Anderson, telephone TA 6-1868, by Friday.

Air Shuttle Of Refugees Continuing

MIAMI, Fla. (AP)—A second planeload of refugees in a daily U.S.-financed air shuttle from Cuba was awaited today even as some of the first arrivals embarked on a new life in the north.

Ten hours after 75 refugees from the Communist-ruled island landed Wednesday, a family group of six donned donated overcoats and boarded a plane to join relatives in Elizabeth, N.J. Others prepared to leave for other points.

The airlift is expected to bring 900 Cubans weekly and continue indefinitely.

Rosario Gonzalez, 19, looked forward to joining her husband in Chicago, whom she married by proxy three months ago in Havana. But she wept intermittently because she had to leave her parents in Cuba.

The first to be resettled from Miami were Emilio Diaz Quintero, 81, a retired funeral home owner of Batabano, Cuba; his son, his granddaughter and her husband, and two great granddaughters. They went to Elizabeth.

Clay County Chief Deputy Is Appointed

LIBERTY, Mo. (AP)—Sgt. Mark F. McClure, retiring from the Missouri Highway Patrol after 22 years of service, has been named chief deputy sheriff of Clay County.

Sheriff Frank Maudlin, also a former patrolman, hasn't had a chief deputy since he took the office.

"I've waited a long time for my friend to retire," Maudlin said. "I've always wanted to put him to work for us."

McClure is 55, grew up in Clark County in the northeast corner of Missouri, attended Northeast Missouri State College and taught school before he joined the patrol. He has been stationed in Clay and Platte counties most of the time, and he has been in the driver examination division the past 11 years.

"When I first came here as a trooper, the sheriff had only one deputy," McClure said. "I've watched the organization grow and am glad to be a part of it."

The sheriff's department has 26 men. McClure will handle administrative duties in the office.

Grant to Stickel At SMS for \$8,400

David C. Stickel, son of Mr. and Mrs. Malcolm Stickel, Route 1, and a student at Southwest Missouri State College, Springfield, has been selected to be a recipient of a National Science Foundation grant for the undergraduate research program at SMS. The total SMS grant is for \$8,400.

From September 1965 until June 1966 participants will receive \$100 per semester and an additional \$500 for travel equipment and other necessities.

Each student was chosen on the basis of ability, completion of 60 semester hours. They must also have had basic training in their field of research, aptitude in the 80th percentile, and a 3.0 cumulative grade average.

Three other students besides Stickel are participating in the grant.

Old Rugged Cross" and "Blessed Assurance," accompanied by Mrs. H. O. Foraker at the organ. Burial was in the Crown Hill Cemetery.

Members of the Sedalia veterans organizations conducted military services at the grave.

Missouri, Colorado Ranches Have Winner

CHICAGO (AP)—Lifton Charolais Ranch of Chillicothe, Mo., and Walno-King Ranch of Loveland, Colo., jointly showed the grand champion Charolais bull Wednesday at the International Livestock Exposition.

The Missouri ranch also showed the reserve grand and the grand champion female of the Charolais breed.

Memorial Day Services Sunday At Elks Lodge

Sedalia Lodge No. 125, B.P.O. Elks will pay tribute to departed members in annual memorial day services at the Elks Home at 2:30 o'clock Sunday afternoon.

The memorial address will be given by Past Exalted Ruler Henry C. Salveter and eulogies by Past Exalted Ruler James E. Durely in tribute to the following lodge members who died during the past year: Frank W. Brosch, Lewis E. Brown, Louis V. Igo, Orvis W. Crouch, Otto C. Botz, P.E.R., and Thomas H. Jenkins.

Music will be under direction of the Helen G. Steele Music club of which Mrs. L. H. Hodges is president and Mrs. M. E. Stevens, memorial chairman. Duets will be sung by Mrs. Don Buller and Mrs. Jack Gray with Mrs. A. W. Barrick, accompanist.

The memorial services of the lodge will be conducted by the following officers under direction of Exalted Ruler Ned Lindstrom: Esteemed Leading Knight, William Gogerty; Esteemed Loyal Knight, F. A. Diefenbach; Esteemed Lecturing Knight, Armand Beaudette; Secretary, L. H. Durely; Treasurer, John Blue; Esquire, William Thorp; Chaplain, Robert Zink; Tiler, Tim Purcell; Inner Guard, Richard Hueter; Organist, Herbert Berlin; Trustees, Virgil Corson, M. E. Rhoads, Jr., Forrest Yoder, Don Richardson and Wm. K. Schilb.

The Memorial Service committee is Robert Zink, chairman and F. A. Diefenbach.

Birth Control Study More Than Open

VATICAN CITY (AP)—A new draft of the Vatican Ecumenical Council's statement on birth control urges further study of contraception, thus leaving the question "more than open," informed sources said today.

The informants said this sets the stage for possible changes in the Church's future attitude, making clear that while past teachings against contraception still are valid, this is not necessarily the final word.

Pope Paul VI is expected to make an interim statement on birth control next Tuesday when the modern world schema — of which the contraception question is a part—will be promulgated as a council decree.

The new draft was distributed to the council today. The sources reported "further diligent study" of contraception was urged in a footnote.

When the Pope set up a birth control commission, the general presumption was that its work would center mainly on new contraceptive pills. But the footnote to the modern world schema indicates that the entire question of contraception now is open.

Worker Is Killed In Four-Floor Fall

SPRINGFIELD, Mo. (AP)—A construction worker fell four floors and was killed at the new girls dormitory on the Springfield state college campus Wednesday.

Dead is James P. Patterson, 63, of Springfield. He lost his balance.

Review

(Continued from Page One) latest equipment will be about 75,995 feet in size.

Capacity of the new plant will be 3-million gallons per day, the engineers pointed out, with an overload capability of up to 4½-million gallons. The entire construction is designed, however, to lend itself to expansion to a capability of a 6-million gallon per day flow.

Included in the chemical building will be a basement, operating floor and second floor, which will offer storage space for treatment chemicals. Architecture of the building will depart from the style of present structures at the plant site to a modern type of building.

Boeing

(Continued from Page One) was a \$50 per year rental fee to Boeing for the 13 hydrants.

Manager Taylor pointed out this is below the normal \$69 per year rental fee for hydrants, but flow from the park hydrants will be metered whereas others are not.

Approval of a \$200 contribution to funds being solicited by the Chamber of Commerce toward the budget for Sedalia's new industrial development director, William H. Hall, was approved by the board. The Chamber of Commerce has pledged \$5,000 toward the industrial development director's budget and is currently soliciting its membership to raise the funds.

UF HONOR ROLL — Employees of Sedalia Neon Company here have been recognized by the United Fund Campaign for their 100 per cent fair share contribution. The fair share

is based on a donation of one hour's pay per month. Firm employees, left to right, are Bill Finlay, Joe Kahler, Bill Boatman and Roy Kahler. (Democrat-Capitol photo)

Neff, 2021 East Seventh; Mrs. Mary Phames, Maryville; Robert Pummell, 228 West Saline; Robert Reiter, Route 2; Mrs. R. Wayne Rhoads, 1941 East Sixth; Mrs. Hugo Riesel and daughter, Route 1; Richard Thomas, 804 Missouri; Baby Wanserski, 1632 West Seventh; Mrs. Russell Wier, 2508 Highland; Oren E. Willard, Pilot Grove.

A 1963 Chevrolet station wagon, driven by Ada Kessler, 41, Houstonia, pulled out onto the highway, according to Trooper Pete Stohr of the Highway Patrol who investigated the accident, colliding with a 1963 Dodge pickup, driven by Elmer Gerken, 42, Pilot Grove.

Mrs. Kessler sustained bruises to the left knee, ankle and to her head. Gerken complained of chest pains. Both said they would see their family doctors.

Park's wrecker towed the station wagon from the scene while Bacon's removed the pickup.

Mrs. Kessler was issued a Highway Patrol citation for failure to yield the right of way.

One person was injured in a one-car accident near Heath's Creek bridge north of Sedalia on Highway 65 about 9 p.m. Wednesday.

Bill Fisher, 49, Route 5, was brought to Bothwell Hospital by National Guardsmen who were passing by. According to Fisher, his car, a 1963 Rambler, was being driven by Don Buckley. When asked of the whereabouts of Buckley, Fisher reported that Buckley ran from the scene, it was reported. A search by Sheriff Emmett Fairfax and Trooper William Stouck failed to turn up Buckley.

Fisher said that the accident occurred when the car went into a ditch in an attempt to avoid colliding with a truck. Fisher was treated for facial lacerations by Dr. K. L. Holden. He also complained of chest and neck pains.

A three-quarter ton truck struck a utility pole in the 600 block of South Grand at 7:39 a.m. Thursday, but the driver escaped injury.

Police reported Charles F. Pahlow, 49, 1908 South Quincy, was driving north on Grand when he reached for something on the floor of the truck, the vehicle veered to the right and struck the pole.

The front of the truck was damaged.

Accidents

Fourth and Grand was the scene of a two-car accident at 4:42 p.m. Wednesday in which both cars were damaged.

Involved were a 1964 Opel station wagon, driven by David E. Gentry, 19, 813 East 24th, and a 1965 Ford, driven by V. Schaeperkoetter, 64, Route 1, Corder.

The right front of the Ford and the left front of the Opel were damaged.

Schaeperkoetter was issued a police summons for careless and imprudent driving and is to appear in police court Dec. 3.

Slight damage occurred to both cars involved in a two-car collision in the 500 block of West 16th at 3:59 p.m. Wednesday.

A 1962 Rambler, driven by David L. Renno, 22, 2221 South Grand was in collision with a 1960 Valiant, driven by Milton James Smith, 84, Route 1.

Damage was to the right side of the Rambler and to the left front of the Valiant.

The drivers of both cars involved in a two-car accident at North 65 and Grand at 10:41 a.m. Wednesday complained of injuries, but refused hospitalization.

A 1963 Chevrolet station wagon, driven by Ada Kessler, 41, Houstonia, pulled out onto the highway, according to Trooper Pete Stohr of the Highway Patrol who investigated the accident, colliding with a 1963 Dodge pickup, driven by Elmer Gerken, 42, Pilot Grove.

Mrs. Kessler sustained bruises to the left knee, ankle and to her head. Gerken complained of chest pains. Both said they would see their family doctors.

Park's wrecker towed the station wagon from the scene while Bacon's removed the pickup.

Mrs. Kessler was issued a Highway Patrol citation for failure to yield the right of way.

One person was injured in a one-car accident near Heath's Creek bridge north of Sedalia on Highway 65 about 9 p.m. Wednesday.

When asked of the whereabouts of Buckley, Fisher reported that Buckley ran from the scene, it was reported. A search by Sheriff Emmett Fairfax and Trooper William Stouck failed to turn up Buckley.

Fisher said that the accident occurred when the car went into a ditch in an attempt to avoid colliding with a truck. Fisher was treated for facial lacerations by Dr. K. L. Holden. He also complained of chest and neck pains.

A three-quarter ton truck struck a utility pole in the 600 block of South Grand at 7:39 a.m. Thursday, but the driver escaped injury.

Police reported Charles F. Pahlow, 49, 1908 South Quincy, was driving north on Grand when he reached for something on the floor of the truck, the vehicle veered to the right and struck the pole.

The front of the truck was damaged.

Building Permits

Two stationwagons collided in a minor mishap at an alley between Main and Second Street on Kentucky Avenue at 8:04 a.m. Thursday.

Involved, police reported, were a 1961 Ford stationwagon, being driven west out of the alleyway by William Findland, 46, 2314 South Ingram, and a 1961 Dodge stationwagon, driven

north on Kentucky by Leo C. Donahue, 64, 600 West Second. Police listed damage to the left front of the Findland vehicle and to the right rear side of the Donahue machine.

Two cars collided at Main and Ohio at 8:52 a.m. Thursday resulting in damage to both.

Police listed the cars involved as a 1965 Plymouth, being driven north on Ohio and turning left onto Main by Bill Winfrey, 623 East 24th, and a 1958 Dodge, being driven west on Main by Wanda Mae Vaughn, 1201 East Ninth.

Damage was reported to the right front of the Winfrey car and to the left rear of the Vaughn vehicle.

Fires In City

Asphalt in a patch - mobile mixer overflowed and caught fire at the City Garage, Third and Montgomery, at 7:18 a.m. Thursday resulting in \$100 damage to the machine.

City employees had lighted the device to warm it up in preparation for street repair work, when the asphalt overflowed onto a butane burner on the machine. The burning asphalt sent considerable smoke into the air.

Firemen used one booster line to douse the fire and cool down the butane tank on the machine to prevent an explosion.

Youngsters playing around a play-house made of scrap materials in a vacant lot at 2500 West 16th were blamed for a grass and trash fire at 6:07 p.m. Wednesday. Firemen used one booster line to douse the blaze, but listed no damage.

Police Reports

Mrs. L. C. Connor, 1310 East 18th, reported to police Wednesday that vandalism had been done to her house. Police are investigating.

John Taylor, 237 East Walnut, reported to police 15 gallons of gasoline were stolen Wednesday from his car while it was parked at his address.

Henry Duffield, Route 5, reported to police his billfold was lost Wednesday afternoon in downtown Sedalia between Main Street and the railroad tracks. The wallet contained a \$25 check and \$65 cash.

Police and the Highway Patrol are seeking a cream colored 1959 Chevrolet four-door sedan stolen in Sedalia between 2 p.m. and midnight Wednesday.

George Burks, Boonville, reported the theft to police at midnight and said the auto was taken from the M-K-T depot on East Third Street. The auto bears Missouri license BP5-801.

A car stolen in Kansas City was recovered by police here early Thursday morning and three Sedalia juvenile-aged boys were implicated in the theft, police say.

Lt. Jewell Riley and Sgt. Al Blankenship found the 1959 Chevrolet abandoned in Memorial Park Cemetery, Limit and 32nd, at 2:22 a.m. Thursday and a check through Troop A Highway Patrol headquarters at Lee's Summit revealed it was a stolen vehicle. Police said the auto had been reported stolen from Robert L. Greenall, 4914 State Line, Johnson County, Kan.

Police said later Thursday morning that the juveniles had been turned over to Juvenile Officer Cecil Glenn. Two of the boys were placed on probation and released to their parents, it was reported.

The third youth was already on parole in connection with a previous auto theft, officers said. His parole was revoked and he is to be committed to the state training school at Boonville.

Officers reported the trio went to the city in the car of

More, Tough Guidelines For Business

WASHINGTON (AP)—Businesses, banks and unions face the prospect of more and tougher "government by guideline" as the Viet Nam war heightens the hazard of inflation.

There is no keen alarm over price trends nor any contemplation of mandatory controls, well-informed officials insisted today. The scale of warfare foreseeable does not justify Korea type compulsion, they said.

But they indicated there may be broader and deeper federal intervention — if price, wage or interest — rate developments warrant — in the form of publicity, persuasion, and the fixing of voluntary goals and guidelines.

Some specific strategy may result from a meeting next week, at the LBJ Ranch in Texas, of President Johnson and the four officials he calls his economic "quadrant."

Though a White House spokesman said the meeting did not imply "undue concern" over prices, the price uptrend has quickened. An announced multi-billion dollar step-up in government spending, mostly for the military buildup in South Viet Nam, could accelerate the rise.

The White House spokesman said the foursome — Secretary of the Treasury Henry H. Fowler; Gardner Ackley, Economic Council chairman; Budget Director Charles L. Schultz; and William McChesney, Federal Reserve Board chairman — will "discuss the general economic picture."

Johnson has shown his willingness to lean the government's weight heavily against price or wage excesses.

In the recent aluminum case he risked his popularity with businessmen by an obvious and successful pressure play — the threat of heavy sales from the government stock pile to force producers to cancel a price increase.

That brought complaints of "government by guideline" and "managed economy" from some industry quarters. But most business groups seemed little disturbed; some simply took the episode as evidence that Johnson was more concerned over the price problem than he had ever admitted.

To Jeff City Meet

Earthquakes are anything but rare; about 50,000 big enough to be felt or noticed without the aid of instruments occur annually over the earth. Of these about 100 produce substantial destruction if they are near inhabited areas. Great earthquakes occur on an average of once every year in some parts of the world. One such struck Tokyo, Japan, in 1923 and killed an estimated 74,000 people.

Times of Mixed Emotions

We know now what mixed emotions are. They occurred the night the mysterious big power failure in the northeast section of the country was announced over the radio. It was reminiscent of the Orson Welles' Hall-louven scare in 1938.

At the time of the news bulletin of the big blackout we were trying in a rain storm to steer an automobile in the right lane up and down Lookout mountain above Chattanooga, Tenn.

Frankly, for a time, we had mixed emotions about the state of the nation, the state of our nerves and whether we would skid on the wet pavement in heavy, fast-traveling traffic on the serpentine four lane mountain highway.

We made it safely but the next day a woman was killed in an accident there.

While visiting in another town Sunday we came home from church with a daughter, her family and friends to discover the house full of gas. Something had gone wrong with a gadget on a heater.

They say it was also a little gadget that caused the Great Power Failure of 1965.

How utterly dependent we are on gadgets today for our safety and

comfort. Electricity, gas, automobiles and hundreds of other technological devices have made us creatures of dependence upon the proper function of thermostats, gas valves, pilot lights, fuses, breakers, transformers, carburetors, and what not.

Despite the complexity of modern day gadgets the public will continue to use them and tolerate an occasional malfunction.

However, there are avenues of escape for the nonconformists or distrustful.

Insofar as illumination is concerned the skeptics may be interested in a Sedalia hardware store window display which is featuring at reasonable prices various types of old-fashioned coal oil lamps, complete with wicks which can be trimmed and glass chimneys that can be cleaned. Not as easy to turn on as a light switch but practical in a blackout.

But even with an old lamp a person must be careful. Upsetting one in grandpa's time caused many an uneasy moment in the family kitchen, parlor or barn. People had mixed emotions in those days, too, over failure of such gadgets as oil lamps and buggies with horses running away in traffic and imperiling lives.

"--- and Pass the Ammunition!"

The World Today

Johnson 'Ice' As Effective As Fire

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP) — This place hasn't been the same since the fiery and colorful days of President Harry S. Truman who knocked heads with Con-

gress and anyone who got him mad enough. Presidents Dwight D. Eisenhower and John F. Kennedy tried to play it cool — in public — no matter how overheated they got in private. President

Johnson is trying the same, with a twist of his own.

Ice, the poet Robert Frost said, can be as effective as fire. And Johnson has been using the ice treatment on Sen. J. W. Fulbright, an Arkansas Democrat but one of the President's critics.

It's hardly a secret Fulbright infuriated Johnson when he blasted the use of troops in the Dominican Republic revolt. Johnson said nothing publicly.

When Fulbright, who has been at odds with Johnson over the Viet Nam war policy, suggested a suspension of the bombings, the President let his press secretary, Bill D. Moyers, answer for him. Moyers said it would do no good.

Some of Fulbright's fellow senators said he wrote Johnson a get-well note when the President was hospitalized last October and got in a reply a note from a staff member.

Then early last month Johnson approved a big fact-finding trip to Europe and Asia — including a Kremlin conference — by five senators headed by Mike Mansfield of Montana, the Senate Democratic leader.

Mansfield said he had discussed it with Johnson for months. Fulbright, as chairman of the Senate Foreign Relations Committee, might have seemed the logical man to head such a mission.

But it is known Fulbright was surprised by the news. And his committee had never authorized the trip. Fulbright, meanwhile, was to head a group of senators going to a minor conference in New Zealand.

Whereas Mansfield's team traveled by Air Force jet, Fulbright's was told it would have to get slower planes or commercial transportation. Then followed a strange coincidence — if it can be called that.

On his way to New Zealand Fulbright stopped off last Thursday in Australia and was asked by newsmen if he thought enough Australians were fighting beside Americans in South Viet Nam.

He had to ask how many were there, although he heads the Foreign Relations Committee and has had things to say about the war. When told the figure was 1,000, he said that number was very small when compared with the 165,000 Americans in South Viet Nam.

Some Australians interpreted his remark as belittling their war effort. Monday Fulbright called off a news conference. The next day Johnson sent a message to the Australians, praising their efforts in South Viet Nam.

They could interpret this — and so could anyone else — as Johnson's way of saying the American government knew what was going on in Viet Nam if the chairman of the Senate Foreign Relations Committee didn't.

Bikes to North Viets

BERLIN (AP) — East Germany announced today it is sending 5,000 bicycles to the "heroic (North) Vietnamese people" as a solidarity gift.

ADN, the East German news agency, said the bikes were worth about one million East German marks, or \$75,000 on the free money market in the West. ADN said it was the most expensive solidarity gift East Germany has given the Vietnamese so far.

School and You

Help For Slow Child

By SUSAN LIGHT
Newspaper Enterprise Assn.

DEAR MRS. LIGHT: My son is in the fourth grade. He has gotten through the other three by the skin of his teeth. "A border-line case," the teachers said.

This year I thought he had finally come into his own. I've been told that along about third or fourth grade children take a sudden spurt. He's been bringing home papers with checks and stars on them, and even an occasional 100. He always tells me he's doing fine when I ask him how he's getting along in school, and he never asks for help any more.

So imagine my disappointment when he brought home his report card with the same old "Ds" on it. I just can't understand it. Do you think his teacher is going by his past reputation instead of giving him a fresh chance this year? Should I ask her? It's so discouraging I could cry. — DISAPPOINTED MOTHER.

ANSWER: I don't blame you, mother. It is discouraging. I'm

afraid your son has gotten smarter in the wrong way. He probably is bringing home only his good papers and putting the failing ones in the circular file.

I'm sure if you looked at your son's marks in the teacher's grade book, the failing grades would outweigh the others, especially on quizzes and tests. Teachers don't grade on past reputations, but often history repeats itself.

It's true that some children do spurt. But when past performance indicates that a child may have to struggle to pass, the wise parent doesn't expect a miracle. Whether he seeks it or not, such a child needs more attention, encouragement and help at home than the average student right from the first day of school.

Insist that you see EVER paper your son does. Don't scold or criticize him, however, regardless of what the marks may be. This is the surest way to defeat your purpose. Go over his errors with him and find ways to praise him.

As soon as possible, ask the teacher for any suggestions she may have, in a spirit of co-operation, not accusation. Believe it or not, she's just as anxious to see your son make better grades as you are.

YOUR DENTAL HEALTH

Dental Techniques Save Broken Teeth

By William Lawrence, D.D.S.
Newspaper Enterprise Assn.

People must be gnashing teeth more than ever these days. Maybe it's a sign of the times, what with the Viet war and the stock market so precariously high. There's certainly been a rash of broken teeth. Why, I even broke a piece off one of my own last week.

It's an awful feeling to be chewing on an hors d'oeuvre at a cocktail party and suddenly bite into something hard, wondering what they put into the hors d'oeuvres in this house, when lo and behold, your tongue makes a nasty discovery — a precious piece of tooth is missing.

After the initial shock, "...

oh, it can't be," and while you're still listening to the blonde, but feeling the sharp broken edge of your tooth with your tongue, you do begin to realize that it really happened to you and that you'll have to see your dentist on Monday.

Monday's schedule always includes a broken tooth or two, and sometimes the pre-cocktail set is included: the 6-year-old who fell off his bike, or the little one who got pushed down the stairs by his loving brother.

Fortunately, most of these broken teeth can be repaired. Crowns and/or root canal therapy may be necessary to save them, but often repairs can be made with silver amalgam even if there isn't very much tooth left to support a filling.

Years ago these teeth were more likely to be extracted, but recently "pin-type retention" is being used successfully: small pins are countersunk and cemented into what's left of the tooth and the filling is built around them. It's a marvelous idea and deserves a try when the only other solutions are a more costly crown, or extraction and bridge.

If the fracture involves the nerve, extraction may be necessary. But even in these cases the nerve can often be extirpated, root canals filled, and pins placed to hold the amalgam filling in place. Pins can be used to support crowns, too.

Front teeth present a different problem, particularly in young people and small tykes. Many teeth can be saved if medicated fillings are placed over the fractured area. This also relieves pain. Sometimes it's necessary to place a metal or plastic crown over the tooth in order to contain the medication. The injured tooth should be taken out of contention with opposing teeth so that it won't be continually traumatized. It's like putting a sprained arm in a sling to give it rest.

Don't wait until it hurts. See your dentist as soon after the accident as you can. You're more likely to have a tooth left if you do.

Win at Bridge

Two Defense Types Differ

By JACOB Y. SON
1965 Vanderbilt Cup Winners
Newspaper Enterprise Assn.

Active defense consists of making attacking plays that involve risk. Passive defense con-

sists of playing safe and waiting for declarer to play to you. The winning player should know how to combine the two.

North's double of two spades was a delayed takeover double and South was correct when he took out to three clubs.

West considered a passive lead of a trump but came to the conclusion that active defense was indicated so he opened the ace of spades. This set up dummy's king and it was evident that South would be able to discard on it. Hence it was essential that West continue his active defense by promptly shifting to a diamond or heart and West had no real problem here. A heart shift would allow South to rise with dummy's ace if he wanted an immediate discard. A diamond shift might be expensive but it also could be a winning play.

It was a winning play. East rose with the ace and returned the suit, whereupon West proceeded to cash his king and jack.

At this point the time for passive defense had arrived. The defense had four tricks in and if West had a potential heart trick, it would keep West led a spade and sat back.

South discarded one heart on the king of spades, but had to lose a heart trick eventually.

Mecca, the birthplace of Mohammed and the most sacred city of Islam, owes its prosperity to the pilgrim trade. The annual influx often exceeds 200,000 people. Local occupations are limited to catering and the manufacture of religious jewelry. Instead of long, weary hours on camel back, today's pilgrims are able to reach the Muslim holy land in modern airliners.

SALT LAKE CITY DESERET NEWS:

Who's Communicating? — David Sarnoff, who certainly has the weight of authority to back his words, told an audience in Chicago recently that within their lifetime it will be possible for everyone on earth to communicate with each other, any place, at any time.

It's an exciting prospect that holds out unlimited potential for human happiness—or misery. But before plunging ahead into such a future, we'd like to see some significant progress in man's ability to communicate with his fellow citizen across the tracks, or with the foreman in his shop, or — get right down to the fundamentals — with his 15-year-old son.

Washington Merry-Go-Round

DeGaulle Is a Realistic Politician

By DREW PEARSON

(Editor's Note: On the eve of the French elections, Drew Pearson draws on his recent trip to France to diagnose President De Gaulle. This is the first of two columns.)

WASHINGTON — In Paris this fall I had occasion to talk to many Frenchmen about Charles De Gaulle, now running for reelection; also about relations between those two ancient allies, France and the United States.

De Gaulle, I was assured, is not anti-American. He is simply pro-French. He has given France its most unparalleled period of prosperity, a period in which French factory workers, who used to eye with envy the cars owned by American factory workers, now have their own. The cars are a little smaller than American autos, but they have them.

Furthermore, L'Humanite, the communist newspaper, carries a more detailed description than any Paris newspaper of new cars, their virtues and defects. Aware that French communists own their own cars, L'Humanite strives for circulation.

De Gaulle's friends say that he has achieved prosperity partly by ending civil war in Algeria, partly by operating a socialist state.

In 1945 De Gaulle nationalized the bigger French insurance companies, something which would have brought cries of "communism" in the United States. He also nationalized the major bank. In both respects he has gone further than the British Labor Party.

De Gaulle also follows the same American system of subsidizing farmers, which some people call socialism. The annual subsidy to French farmers is \$700,000,000, as against around \$4 billion of farm subsidies in the United States.

An Elephant's Memory

And this is one reason for friction between the United States and De Gaulle. He objects vigorously to the importation of American farm products by common market nations. He wants other common market nations to reserve the European market for higher-priced, subsidized French and German wheat. After all, 18 per cent of the French population is on the farm, as compared with only 8 per cent in the United States. And French farmers vote. American farmers don't vote — in France.

Le Grand Charley (Big Charley), as the Parisian taxi-drivers call him, has a memory like an elephant's. He remembers a lot of things that happened during the war when he was in exile in London, head of the Free French.

He remembers especially that slurring speech of Secretary of State Cordell Hull regarding the "so-called" Free French, and the fact that the man who wrote the speech was Sam Reber, intimate friend of Charles Bohlen, now U. S. Ambassador in Paris.

Looking Backward

TWENTY-FIVE YEARS AGO

Lieutenant Colonel C. D. Osborne, United States Medical Reserve Corps, has been ordered to Warrensburg December 23 where he will be in charge of the physical examination of members of Headquarters Company Detachment of the 35th Division.

FORTY YEARS AGO

The trustees of the Epworth M. E. church of which the Rev. Ralph Emerson Hurd is pastor, have purchased three lots on the southwest corner of Broadway and Engineer avenue, on which will be erected a thoroughly modern church building. The building will cost over \$75,000.

THE DOCTOR'S MAILBAG

Drink Plenty Fluids To Stop Bladder Woes

By Wayne G. Brandstadt, M.D.
Newspaper Enterprise Assn.

Q—My sister suffers from gravel in the bladder. What causes this and what can be done for it?

A—Since bladder stones may be of different chemical composition, your sister's doctor should determine what kind she has and whether they are originating in the bladder or merely pass through the bladder after being formed in the kidneys. Some types of bladder stone can be prevented by avoiding foods that supply the chemicals needed to form them. Some can be prevented by taking salicylates but this should not be done without medical supervision.

Drinking a total of 7 or 8 pints of fluids a day helps to prevent the concentration of salts in the bladder that would favor precipitation in the form of gravel. The drug, hemiacidrin, will dissolve bladder stones but can cause serious difficulty if used in an attempt to dissolve kidney stones.

Q—I remember reading about a new treatment to stop hair from falling out. Do you know what this is?

A—Although too much testosterone in the blood can cause baldness, Dr. Papa of Philadelphia has found that a cream containing this male hormone when applied to the scalp will prevent baldness in men. Regrowth of hair was observed in

men as old as 78 who had been bald for 30 years or more. I have not heard of this treatment being applied to women.

Q—Can cancer of the breast be caused by a blow or injury to the tissues?

A—All evidence points to there being no connection between an injury and the later development of a cancer in any location. When a cancer is found, a person can always recall some time in the preceding weeks or years when some sort of a blow was incurred in that part of the body.

Q—Can a child have a different type blood than either parent? Can you prove who is the father of a child by typing the father's and the child's blood?

A—There are 4 blood types—O, A, B, and AB. If one parent has type A and the other has type AB they may have a child with type B blood. This is just one example of a child having a different blood type than either parent. Blood typing is of no help in establishing paternity but certain tests of the blood serum may provide valuable evidence.

Q—There are a number of antacid preparations sold over the counter that contain aluminum hydroxide. Is this ingredient harmful if taken over a period of years?

A—No.

Garrett and Anderson Are '65 All-America Halfbacks

MU's Johnny Roland On Defensive Roster

NEW YORK (AP) — Heisman Trophy winner Mike Garrett of Southern California and Texas Tech's Donny Anderson, a repeater, are the halfbacks on the 1965 Associated Press All-America football team named Wednesday.

Rounding out the offensive backfield are Steve Juday, the man who sparked Michigan State to No. 1 ranking, and battering Illinois fullback Jim Grabowski, first draft pick in the American League.

Notre Dame's Nick Rascas, Johnny Roland of Missouri and George Webster of Michigan State are the defensive backs selected on the 23-man squad which takes into account the two-platoon game.

The 23rd man is Charley Gogolak, the Hungarian-born, soccer-style placekicker from Princeton. The inclusion of a placement specialist does not indicate establishment of a precedent but rather honors a player of remarkable, record-breaking ability in this field. Gogolak converted all 33 conversion tries and booted 16 field goals from as far away as 54 yards for 81 points.

The team was selected on the recommendations of the sports writers and broadcasters who make up the eight regional boards. Performances in all games played through Nov. 27 were evaluated for the AP's 40th anniversary All-America team.

All first team players were hard pressed by other candidates but none more than at halfback and offensive center.

Syracuse's Floyd Little was an outstanding ball carrier edged by Garrett and Anderson. Pat Kilgore, 1964 All-America offensive center from Syracuse, was bumped to a second team berth by once-beaten Alabama's Paul Crane.

For the second successive year, NFL prime pick Tommy Nobis of Texas, much better known as a linebacker, was named at offensive guard.

Nobis, picked in pro first rounds by Atlanta and Houston, is joined at guard by a future choice of '64, Notre Dame's versatile Dick Arrington who also worked at defensive tackle. He was drafted by Cleveland of the NFL and Boston of the AFL.

Glen Ray Hines of unbeaten, untied Arkansas and Purdue's Karl Singer, Boston Patriots' first round draftee, are at offensive tackle while the incredible Howard Twilley of Tulsa and Florida's Charles Casey, operate from the ends.

On defense the linebackers are Oklahoma's Carl McAdams, Tennessee's Frank Emanuel and Dwight Kelley of Ohio State. Aaron L. Brown of Minnesota and Ed Weisacosky of Miami of Florida are the ends, Nebraska's Walt Barnes and Arkansas' Lloyd Phillips the tackles and George Patton of Georgia the middle guard.

Garrett followed his Heisman selection with a 112-yard, three touchdown effort in his varsity finale. It enabled him to set a national collegiate three-year

LODGE NOTICES

The Sedalia Scottish Rite Club will hold a business meeting in the Masonic Temple Thursday, December 2 at 7:30 p. m. Officers for the new year will be elected. All members are requested to be present.

R. P. Dowdy 32° Pres.
E. C. Holloway 32° Sec'y.

Sedalia Lodge No. 236, A. F. & A. M. will meet in regular communication on Friday, Dec. 3, 1965, at 7:30 p. m. at the Masonic Temple, Broadway and Missouri. This is the business meeting of the month and all members are urged to be present. The annual election of officers for 1966 will be held on this date. Visiting brethren are always welcome.

W. W. Rader, W. M.
Howard J. Gwinn, Sec.

Sedalia Chapter No. 57, OES will hold a public installation of officers for 1966 on Saturday, December 4, at 8 p. m. at the Masonic Temple. Visiting members and friends welcome.

Ladine Evans, W. M.
Lila Burl Sammons, Sec'y.

Honorable Mention

Two Sedalians On Honor Team

After a hectic and often-times trying 1965 football campaign, this year's All-State selections were announced Thursday, placing two Jefferson City players on the first team while two Sedalians received Class L Honorable Mention for their efforts.

Of the Jefferson City players, one is Joel Allison, a tackle, standing 6-0 and weighing 220 pounds, from the Jays' roster, while the other is Jon Stagers, a 5-10, 160-pound back from Helias.

The two Sedalians are guard Bill Herrick and center Ron Rees, after both turned in a fine season for the Bengals, who ended regular play with a 6-4 record.

CLASS L ALL-STATE SELECTIONS

First Team

Ends — Mark Kuhlman, St. Louis Normandy, 6-3, 220, senior; Harold Fountain, Mexico, 6-4, 190, senior.

Tackles — Derrick McCord, Kansas City DeLaSalle, 6-1, 200, senior; Joel Allison, Jefferson City Public, 6-0, 220, senior.

Guards — Jerry Magee, St. Louis Soldan, 6-1, 186, senior; Del Ray Shultz, Herculaneum, 5-9, 185, senior.

Center — Tim Crnko, St. Louis Cleveland, 6-0, 195, senior.

Backs — Gary Drawing, St. Louis Christian Brothers (CBC), 6-0, 195, senior; Steve Kenemore, Lee's Summit, 6-2, 190, senior; Jon Stagers, Jefferson City Helias, 5-10, 160, senior; Butch Davis, Chillicothe, 6-0, 180, senior.

Second Team

Ends — Ten Enyard, St. Joseph Central, 6-3, 220, senior; Steve Kelow, Kansas City Central, 6-3, 200, senior.

Tackles — Bob Clingan, Columbia Hickman, 5-11, 175, senior; Mike Hinrichs, Poplar Bluff, 6-6, 230, senior.

Guards — Rich Turnbough, St. Louis Riverview Gardens, 6-1, 220, senior; Carlos Hildebrand, Springfield Central, 6-0, 210, senior.

Center — Bill Nelson, Springfield Central, 6-1, 190, senior.

Backs — Al Holmes, St. Louis McCluer, 5-8, 158, junior; Stan Hunter, Joplin, 6-0, 175, senior; Taylor Spriggs, Kansas City Central, 6-1, 191, senior; Robert Walters, Jefferson City Public, 5-10, 175, senior.

CLASS L HONORABLE MENTION

Ends — Kerry Drulis, St. Louis University High; Harry Wilson, St. Louis Beaumont; Tony Bandle, St. Louis McBride; Don Smith, St. Louis DuBourg; Ken Henderson, St. Louis Normandy; Dave Huffman, St. Louis Brentwood; Rich Knussman, St. Louis Riverview Gardens; Curtis Crockett, St. Louis Brentwood; Elton Fay, Centralia; Glen Rickus, Farmington; Don McGraw, Crystal City; Larry McClure, Kansas City Marshall; John Onofrio, Columbia Hickman; John Huot, Jefferson City Public; Tim Scanlon, Kansas City De La Salle; Willie High, Springfield Central; K. G. Wells, Springfield Parkview.

TACKLE — Joe Snopce, St. Louis DeAndreis; Ken Clerc, St. Louis St. Mary's; Ken Goldecker, St. Louis McKinley; Mike O'Brien, St. Louis University.

KICKING SPECIALIST — Charlie Gogolak, Princeton, Ogdensburg, N.Y.

Defense

Ends — Aaron Brown, Minnesota, Port Arthur, Tex.; Ed Weisacosky, Miami of Florida, Pottsville, Pa.

TACKLES — Walt Barnes, Nebraska, Chicago; Loyd Phillips, Arkansas, Longview, Tex.

MIDDLE GUARDS — George Patton, Georgia, Tusculumbia, Ala.

LINEBACKERS — Carl McAdams, Oklahoma, White Deer, Tex.; Frank Emanuel, Tennessee, Newport News, Va.; Dwight Kelley, Ohio State, Bremen, Ohio.

BACKS — Johnny Roland, Missouri, Corpus Christi, Tex.; George Webster, Michigan State, Anderson, S.C.; Nick Rascas, Notre Dame, Winnetka, Ill.

Second Team

Ends — Freeman White, Nebraska; Dave Williams, Washington.

TACKLES — Sam Ball, Kentucky; Francis Peay, Missouri.

GUARDS — John Niland, Iowa; Stan Hindman, Mississippi.

CENTER — Pat Kilgore, Syracuse.

BACKS — Steve Spurrier, Florida; Floyd Little, Syracuse; Clinton Jones, Michigan State; Ray McDonald, Idaho.

Defense

Ends — Ed Long, Dartmouth; George Pearce, William and Mary.

TACKLES — John Richardson, UCLA; Bill Yearby, Michigan.

MIDDLE GUARD — John Battle, Georgia Tech.

LINEBACKERS — Stas Maliszewski, Princeton; Doug Buffone, Louisville; Bill Cody, Auburn.

BACKS — Frank Horak, Texas Christian, Mike Weger, Bowling Green; Ben Hawkins, Arizona State.

High; Steve Johnson, St. Louis Webster Groves; Mike Dunn, St. Louis Parkway; Bob Forbes, St. Louis Riverview Gardens; Dennis Coffel, St. Louis Hazelwood; Dan Carpenter, Fox of Arnold; Bill Dierks, Herculaneum; Wally Stiles, Excelsior Springs; Terry Seward, Kansas City Van Horn; Mike Cluck, Springfield Hillcrest; John Martin, Chillicothe; Greg Maloney, Macon.

GUARDS — Hank Bollinger, St. Louis Cleveland; Nick Hogan, St. Louis Augustinian; Gene Sandrowski, St. Louis Central; Tony Larrigan, St. Louis CBC; Everett Hearst, Crystal City; Ed Sharp, Lawson; David Morgan, Marshall; Tom Fanning, Grandview; Larry Wilson, Jefferson City Public; Bill Herrick, Sedalia; Jay Simmons, Chillicothe; Mike Mulholland, Moberly; Tom Hyde, Kansas City Center.

CENTERS — Ron Helms, St. Louis Roosevelt; John Rhea, St. Louis Lindbergh; Mark Kuhlman, St. Louis Normandy; Dale Satory, St. Louis Maplewood; Mike O'Neal, Fox of Arnold; Gay Fix, Grandview; Bud Craft, Chillicothe; Ron Rees, Sedalia.

BACKS — Fred Atkins, St. Louis O'Fallon; Larry Wicks, St. Louis Roosevelt; Jim Huser, St. Louis DuBourg; Ron Bozakis, St. Louis Cleveland; Jerry Zaggar, St. Louis St. Mary's; Jim Dispiwa, St. Louis McKinley; Jerry Lawson, St. Louis Cleveland; Art Demling, St. Louis University High; Paul Goodman, St. Louis Normandy; Randy Cayce, Crystal City; Clarence Thornhill, St. Louis Webster Groves; Joe McCarthy, St. Louis CBC; Steve Lalumondier, Crystal City; Larry Kinder, Fox of Arnold; Gary Cleve, Farmington; Sam Brown, Excelsior Springs; Mike Bryant, Holden; Bill Day, Odessa; Billy Harris, Marshall; Max Arreguin, Lillis; Dave Rebori, Kansas City De La Salle; Ron Griggs, Centralia; Denny McCoy, Boonville; Mike Reed, Jefferson City Public; Craig Weaver, Hickman; Tony Wells, Springfield Parkview; Rick Davis, Springfield Parkview.

ALL-STATE SELECTIONS

Class M and S

Ends — Bob Journean, Aurora, 6-0, 160, senior; Larry Andre, Platte City, 5-11, 173, senior.

Tackles — Bill Cochran, Pleasant Hill, 5-10, 195, senior; Elbert Anderson, Camdenton, 6-1, 200, senior.

Guards — Stan Rinker, Aurora, 5-10, 165, senior; Rich Jennings, Stanberry, 5-10, 190, senior.

Center — Larry Hoffman, Perryville St. Vincent, 6-0, 185, senior.

Backs — Larry Blackburn, Macon, 6-3, 185, senior; Tom Dunn, Savannah, 6-0, 180, senior; Bruce Huey, Aurora, 5-11, 160, senior; Trip Bishop, John Burroughs, 5-10, 155, senior.

HONORABLE MENTION

Ends — Fay Eltow, Centralia; Keith Hammen, St. Francis Borgia; Ken Jogerger, Valle de Ste. Genevieve; Mike Zoellner, St. Vincents of Perryville; Johnny Davis, Tarkio.

TACKLES — Mickey Rooney, Cameron; Darold Dorsey, Savannah; George Matthews, Fredericktown; Mike Carroll, Ste. Genevieve.

GUARDS — Paul Siebert, Valle de Ste. Genevieve; David McInteer, Fredericktown.

CENTERS — Hal Swaney, Platte City; Bill Albach, Macon; Larry Hoffman, St. Vincents of Perryville.

BACKS — Tom Seeger, St. Louis Country Day; Jack Meyers, Camdenton; Mike Bryant, Holden; Chuck Roper, St. Louis Brentwood; Ron Riggs, Centralia; Tom Shryock, Fredericktown; Ed Lane, Fredericktown; Tom Waller, Valle de Ste. Genevieve; Terry Butcher, Flat River.

Police said that witnesses told them that John Shemming of Rochester was only brushed in the face with the ball during a scrimmage. He then covered his face with his hands, staggered and fell backwards, police said.

The Monroe County Medical Examiner's office said an autopsy will be performed today to determine the cause of death.

Shemming was scrimmaging with St. Monica's Church basketball team in a suburban Brighton gymnasium. He also was a senior in West High School here.

Fighters Weigh In

Grudge Match Is Set For Tuesday's Pro Mat Card

There'll be a grudge angle to Tuesday night's heavyweight team feature on the wrestling program at Convention Hall.

Matched are the tandems of Sonny Myers — Victor Rivera and the Viking — Bob Brown. They're booked over the best-of-three-falls distance with a 60-minute time limit.

Brown has been smarting for a return crack at the veteran Myers ever since the Missourian used a triple slam to derrick the Canadian a few weeks ago in St. Joseph. Up to then, Brown, a 240-pounder, had been riding high with his jolting tactics and his penchant for skirting the rules.

"Myers tried to make me look bad," complained Brown, who said further that his leg was through the ropes when Myers launched his offensive. "It shouldn't have counted at all," Brown said. "I'll be trying for revenge in Sedalia Tuesday."

Brown will have capable help. The Viking has proved one of the roughest of the ring brawlers to show here in several seasons. "The Viking has made a lot of other wrestlers sore at him because of the way he attacks, then hides behind the rules," Matchmaker Gust Karas commented. "He's the No. 1 target of most of them now and Myers and Rivera figure to key on him."

Myers is unconcerned about Brown's sniping and will be counting on his good speed and roughing prowess to offset the power attack he and Rivera will be subjected to.

Also on the card are girl wrestlers Jean Antone and Betty Niccoli.

Separate events pit Rivera and Brown, Myers and the Viking.

Tournament Is Now In Semi-Finals

Climax Springs dumped the Green Ridge Tigers from the Warsaw Invitational Tournament and LaMonte's Vikings treated Stover much the same way in semi-finals play Wednesday night at Warsaw.

In the first game of the evening, Climax Springs jumped to a 15-9 lead at the half and dominated the Green Ridge aggregation from that point on.

The Tigers turned in their best scoring performance in the second quarter with 15 points, but the 21 scored by Climax Springs that quarter nullified the Tiger effort.

George Reed was responsible for one of the best individual scoring efforts for the Tigers, netting 22 points, but Climax Springs' England outshone that as well with a tremendous 33 points—one of the best totals of the tournament.

The loss eliminated Green Ridge from the tournament.

Score by quarters:
LaMonte 17 10 15 25—67
Stover 8 15 21 13—58

Individual scoring: Climax Springs—DeBeaubien, 6; Mike Grider, 14; Bob Grider, 13; Ray Grider, 1; England, 33; Wallace, 7; Olson, 6; Green Ridge—George Reed, 22; Jim Dove, 4; Ragar, 7; Steve Ray, 4; Darrell Bartles, 2; Ken Ray, 3; Dave Dove, 4; Larry Hancock, 2; Ken Ollison, 1.

The other basketball game Wednesday night wasn't quite as lop-sided, but Stover's Bulldogs only threatened LaMonte's lead once during the second half after the Vikings had come up with a 27-23 lead at the half and went on to win 67-58.

The Vikings iced the game with a big 25-point push in the final period of play, during which the Bulldogs, still trying for the victory, managed only 13.

LaMonte's Gary Gill took game scoring honors with 30 points, while Ed Eddings was top man for Stover with 13 tallies.

Thursday's basketball action will put Warsaw against Lincoln

Open Home Season

S-C California To Play Friday

Two tournaments, at Tipton and Warsaw, are heading toward conclusion while regular action will pit top area teams against each other this Friday.

One of the focal points of the various hardwood battles will be the Smith-Cotton-California clash in Sedalia.

Smith-Cotton's Tigers, 2-1 for the season, met the Pintos earlier this season and defeated them 61-31 in the Turkey Tournament at Boonville. The Tigers have suffered some setbacks since that game however, making the Pintos just a bit stronger because of it.

S-C's primary difficulty lies in illness. Several starters are out of action this week and reserves may be needed Friday to pull the Bengals through.

Fred Strickert, Larry Bell, and James Whitney are expected to start, and Dave Rotermund, Tom Munson, Dick Postels and Russ Cusick are probables. A question mark hangs over Charles Norris, who has been sidelined by illness this week.

A "run and gun" policy is favored by California, according to Coach Earl Finley, and the locals may find that victory this time won't come quite as easily as it did in the tournament, in which Smith-Cotton placed third.

In California's most recent outing, they were dominated by the Fulton Hornets, 68-56, last Tuesday. The game left California with a 2-3 mark and Fulton at 4-1.

Friday night will also mark the first test for the Smith-Cotton B-team. Varsity game time is 8 p.m. at the new Tiger gymnasium.

Other action on Friday puts the Smithton Tigers, 2-4, against the Green Ridge Tigers, who haven't won a game yet this season. On the same night, the Northwest Mustangs will go against LaSalle's Knights of Alma. The Mustangs beat Marshall Mercy 76-55 last Tuesday to bring their season record to 5-1.

Calhoun will go against Deepwater's Demons for the third time this season. Calhoun, with a 10-0 record, has defeated Deepwater both times, one of them in tournament play.

Wednesday was an open date in the Tipton Invitational Tournament, but three top teams are set to meet Thursday night. Among them will be the Sacred Heart Gremlins, slated to meet Jefferson City Helias.

The Gremlins suffered their first serious injury of the season when Larry Burke was sidelined Tuesday night when accidentally driving a wall hook through his hand after chasing a

and Cole Camp against Osceola in another semi-finals round slate of events.

Score by quarters:
LaMonte 17 10 15 25—67
Stover 8 15 21 13—58

Individual scoring: Climax Springs—DeBeaubien, 6; Mike Grider, 14; Bob Grider, 13; Ray Grider, 1; England, 33; Wallace, 7; Olson, 6; Green Ridge—George Reed, 22; Jim Dove, 4; Ragar, 7; Steve Ray, 4; Darrell Bartles, 2; Ken Ray, 3; Dave Dove, 4; Larry Hancock, 2; Ken Ollison, 1.

The other basketball game Wednesday night wasn't quite as lop-sided, but Stover's Bulldogs only threatened LaMonte's lead once during the second half after the Vikings had come up with a 27-23 lead at the half and went on to win 67-58.

RENAISSANCE REVIVAL—With the bell tower of St. Mark's Cathedral and ornate palaces as a backdrop, Venetian gondoliers race down the Grand Canal. The best gondoliers compete in the race which climaxes the historic annual regatta dating back to the watery city's Renaissance past.

Surprises Come Early This Season

By THE ASSOCIATED PRESS
Maryville State, Omaha and Quincy provided some early-season basketball surprises Wednesday night — Maryville State downing Pittsburg State 82-79, Omaha by beating Kirksville State 65-54 and Quincy by taking St. Benedict's 84-68.

Two other games seemed to indicate things are going to be rugged this season in the MIAA conference in Missouri. Springfield State beat Rockhurst 83-67. Warrensburg State hung on doggedly in its 78-64 loss to Cincinnati of the Missouri Valley conference.

William Jewell tangled with Drake, another of the Missouri Valley powerhouses, and was beaten 96-68.

Washington of St. Louis beat

Rolla 74-62. Cape Girardeau State downed McKendree 114-81. Lincoln opened its season at Jefferson City by coasting to a 98-73 victory over St. Cloud of Minn. Fort Hays State bested Southwestern 91-73 in a duel between members of the two small-college conferences in Kansas. Doane of Nebraska repulsed Washburn 78-77.

Kirksville State goes against Southern Illinois at Carbondale tonight. Kearney State of Nebraska is at Southwestern and St. Mary of the Plains is at Colorado College. The annual Central Kansas tournament opens at Moundridge, with Bethel meeting Tabor and McPherson meeting Bethany, the defending champion.

For the first 15 minutes, Mary

ville State gave every indication of picking up Wednesday where it left off in March after a 3-20 season, its worst in years. Pittsburg State moved to a 16-point advantage. The Bearcats whittled it down to 38-31 by halftime and caught up in the first four minutes of the second half. Pittsburg's Jim Chroust was the game's high man with 24 points.

Jim Grant's 34 points and Danny Bolden's 21 sparked Springfield State to its victory over Rockhurst. Grant's feat tied the scoring record set at the Springfield fieldhouse by Bolden last year. Pat Caldwell had 32 points for Rockhurst.

Omaha took a quick lead on Kirksville State and led by 12 points or more most of the way.

Cazzie Is In Top Form For Season

By TED MEIER
Associated Press Sports Writer

Cazzie Russell, Michigan's All-America who pulled many a game out of the fire for the Wolverines a year ago, was in mid-season form Wednesday night as a new college basketball campaign opened with games in all sections of the country.

Michigan, the Big 10 champion and ranked second to national champion UCLA in the preseason Associated Press poll, scored a 71-63 victory over dangerous Tennessee of the Southeastern Conference. Every time the Vols got close in the game at Ann Arbor, Russell scored to keep the Wolverines ahead.

The last time occurred when Tennessee pulled within 52-51 midway of the second half. Russell sank two baskets to start Michigan off on a nine-point spurt. Cazzie finished with 29 points. Ron Widy was high for the Vols with 23.

Michigan's victory shared the opening night limelight with Duke, St. Joseph's of Philadelphia, Vanderbilt, Minnesota, Kansas, Bradley, and Kansas State, the other teams in the Top Ten to see action.

Kansas State, 10th-ranked, was upset by Creighton 83-75, but the third-ranked Blue Devils crushed Virginia Tech 112-78 and St. Joseph's No. 4, romped against Hofstra 96-57.

Vanderbilt, No. 5, overpowered Wittenberg 87-59 while Minnesota, No. 7, humbled North Dakota 73-59. Kansas, No. 8, whipped Arkansas 81-52 and Bradley, No. 9, crushed Milwaukee-Wisconsin 104-68. Top-ranked UCLA and Providence, No. 6, open on Friday and Saturday, respectively.

Ohio State, UCLA's opening opponent Friday, beat Missouri 76-74 on Al Peters' tip-in with only four seconds left. Kentucky walloped Hardin-Simmons 83-55 to give Coach Adolph Rupp his 721st career victory and break a 720-720 tie with Hank Iba of Oklahoma State. Iba's Cowboys were beaten 61-57 by St. Louis.

Princeton, playing for the first time in three years without the famed Bill Bradley, defeated Lafayette 77-68. Wake Forest edged Davidson 87-86 and Penn State downed Maryland 65-61 in other features. Idaho beat Oregon 86-81. Connecticut downed American International 89-72 and Seattle Pacific surprised Seattle 85-83.

Double Wins Game

SAN JUAN, P.R. (AP) — Art Shamsky of the Cincinnati Reds doubled home the winning run in the 10th inning Wednesday night to give Santurce a 6-5 victory over Ponce in the Puerto Rican winter baseball league.

Days of meetings plus months of preparation by 29 committees.

Rusk and Vice President Hubert H. Humphrey represented Johnson at a final reception at the White House closing the conference Wednesday. It was held in two segments to accommodate participants who had come to Washington at their own expense, hoping to be heard. The two high officials circulated informally to talk to anyone who wanted to buttonhole them.

In his talk at the final conference luncheon, Rusk sought to describe U.S. policy in terms larger than the jungle and rice field fighting in Viet Nam. He said the American commitment in Southeast Asia is "the principal pillar of peace in the world."

The question, he said, is whether an American commitment to help a small country resist outside force would be honored. He said that if it were not, "there are capitals that could make a monstrous miscalculation."

Space Dates Hold Firm After Review

CAPE KENNEDY, Fla. (AP) — The opening launch in America's Gemini doubleheader held firm to its Saturday blastoff schedule today as astronauts and officials met to review all aspects of the space shot.

Gemini 7 astronaut Frank Borman, whom experts describe as "a sound sleeper who dreams," and his witty copilot, James A. Lovell Jr., confer with the Gemini 6 crew, project officials, contractors and weather experts.

Dr. Charles A. Berry, Gemini flight surgeon, said both crews "are very relaxed" and in good physical condition.

The weatherman held to his prediction that conditions will be satisfactory at Cape Kennedy for the 2:30 p.m. EST blastoff.

Air Force Lt. Col. Borman and Navy Cmdr. Lovell plan to spin around the earth 206 times in 14 days.

Nine days later, on Dec. 13, Gemini 6 astronauts Navy Capt. Walter M. Schirra Jr. and Air Force Maj. Thomas P. Stafford plan to propel into orbit, rendezvous within a few feet of Gemini 7 and fly in formation with its sister craft 185 miles above the earth for six hours.

The Gemini 7 flight could be one of the most restful ever undertaken, despite its planned 329-hour duration.

Berry said 10 hours of every day will be set aside to permit the astronauts to sleep. This, he said, should assure them at least eight hours' sleep.

Astronauts on previous Gemini flights complained that sleeping was difficult — especially if the flight plan required one or the other to stay awake throwing switches or talking to mission control.

Gemini 7 — for the first time — will have both astronauts sleeping at the same time, in conjunction with day-night cycles at Cape Kennedy.

"If they can't sleep now, we will have to attribute some of the problems to the weightless state," Berry said.

Tiny electrodes will be fastened to shaved spots on Borman's head to record his depth of sleep and state of alertness during the first four days of flight, until hair grows back in those spots. Berry said they know from tests on the ground that Borman is a sound sleeper who dreams.

Brain waves sent through the electrodes to a tape recorder will show whether the astronaut is dreaming, but they will not show what he is dreaming about, Berry said.

Ice Show Turns Up As 'Special'

By CYNTHIA LOWRY
AP TV-Radio Writer
NEW YORK (AP) — About once a year somebody signs up

BRING SIX PEPSI-COLA BOTTLE CAPS FOR ADMISSION

FILMED BY THE MAKER OF "FLIPPIN' IN THE WILDS OF AFRICA'S UNFOLIOZ!"

SAT. 2 P.M.

Show Out at 3:45 P.M.

a smooth professional ice show, hires a fast skating rink, adds some familiar show business names. Then, lo, it turns up as a television special, usually in a holiday period.

It may not be exactly a new idea, but it is a good, serviceable one. Wednesday night's "Ice Capades of 1966" on CBS was a handsome, glittering entertainment with production as slick as the ice beneath the flashing blades.

It was made even more effective — particularly for viewers with color sets — by the skillful use of color in the costumes and backgrounds.

The cast of the "Ice Capades" troupe was a chorus of skating girls and boys who performed with the precision of Rockettes in the production numbers. The star performers leaped effortlessly and whirled like dervishes in their solo numbers.

Choice of Arthur Godfrey as host was a happy one.

The only two performers who seemed both uncomfortable and out of place were the nonskating entertainers. Liza Minnelli appeared for one song, "Gypsy In My Soul," which would have been unrecognizable if one had not heard the familiar lyrics. Roger Miller wandered awkwardly around a giant replica of a record-player as he sang two of his hit songs.

Game and panel shows, for the most part, do not make very impressive showings in the all-names. Then, lo, it turns up as a television special, usually in a holiday period.

CBS' "Password" had an impressive rating that put it in second place behind the serial "As the World Turns" with CBS' "To Tell the Truth," NBC's "Match Game," "You Don't Say" and "Concentration" is sixth, 13th, 14th and 20th places respectively.

Social Security Office Extends Opening Hours

The social security district office in Sedalia will remain open from 9 a.m. to 12 noon each Saturday, and from 5 p.m. to 9 p.m. each Monday and Friday evening for the next three weeks, for the added convenience of residents of the area, Ralph T. Sprague, Social Security District Manager, said today. These hours are in addition to the regular 9 a.m. to 5 p.m. schedule of office hours, Monday through Friday.

Sprague pointed out that it is important for many people to get in touch with the district office to take advantage of the health insurance and other provisions of the 1965 amendments to the social security program. Although most people are able to visit the office during the day, many find it impossible to do so because of employment or home responsibilities.

The three major groups of people who should get in touch with the social security office are the following, Sprague said:

1. People who are now 65 or older but who are not entitled to social security benefits. Some of these people are eligible for benefits but have not applied for them because they are still working full time. Sprague emphasized that it is desirable for these people to apply now to establish their social security benefit rights and to qualify for the hospital insurance protection that begins in July 1966. He emphasized that no one can lose by applying for benefits as soon as he reaches 65 (those who retire between 62 and 65 may receive cash benefits but in a per-

manently reduced amount. They are not eligible for hospital insurance until they reach 65.) are not now getting benefits be-

Many of the people 72 or older cause they (or their husband) had not worked enough under social security to qualify. Many of these people will now be eligible for cash benefits because the new law reduces the amount of work required for most people 72 or older.

2. Widows 60 or 61 years of age who under the old law would have been eligible for widows benefits at age 62. They may now apply for social security benefits as early as age 60 if they wish to accept a permanently reduced amount.

3. Unmarried students 18 to 22 years of age whose social security benefits have been stopped and students who receive social security benefits and are nearing age 18, and who plan to continue in school. Upon application, monthly benefits can be paid back to January 1965 to unmarried students who were under 22 in January 1965 and who were dropped from the social security rolls when they reached 18.

The Sedalia Social Security Office is at 1806 West 11th St. The telephone number is TA 7-0450.

BY THE HAIR OF HIS CHIN, CHIN-CHIN—Old Santa Claus, stopping at Madison, Wis., gets a surprise as 3-year-old Trent Halverson gives his beard a pull. But Santa and his beard stay-

ed together and things were fine. Inquisitive Trent, the son of Mr. and Mrs. Keith Halverson, told Santa he wanted a flashlight for Christmas so he can snoop around in dark places. (UPI)

Happens On Accident, Finds Wife Killed

TIPP CITY, Ohio (AP) — A he happened on the accident husband en route home happened on the scene of an accident in which his wife was killed.

Mrs. Ella Alice Hill, 49, of Tipp City was on her way to work Tuesday when for some reason, authorities said, she decided to turn around on a county road in southern Miami County. She lost control of the car and it hit a tree, injuring her fatally.

Her husband, Bruce, was en route home from Dayton when

Saxon kings not only signed documents with their monogram but added a cross to make their signature more sacred.
